COLLECTION 2014

THE INNOVATORS OF COMFORT™

EKORNES®

# IMAGINE

The nature surrounding the Ekornes factory in Sykkylven leads ones mind to lasting, all-encompassing peace and clarity. When you are surrounded by mountains and fjords – all part of the dramatic landscape where new Stressless® innovations are born – one cannot help but be influenced.

The scenery of majestic peaks, the sound of the thundering waterfalls, the freshness of the air – it inspires us to come up with new ways of communicating “peace of mind” through the furniture we produce. Words like quality and comfort are therefore constantly at the forefront of our thoughts, to make sure every part of the manufacturing process goes according to plan.

Working in the midst of such beautiful surroundings also fills one with renewed respect for Mother Nature. Stressless® wants nothing more, than for the sense of true physical comfort to reach the Norwegian borders – and beyond, whilst ensuring our production methods do not harm the environment.

# IMAGINE COMFORT

All the hustle and bustle that come with a modern way of living, makes a true time out absolutely essential. Stressless® really does give you the feeling of ultimate comfort, so you can drift away from it all – even if just for a little while. Our innovative sofas and recliners are able to give you a sense of total relaxation. Imagine furniture that provides you with unparalleled comfort – in every part of your life.

# THE STRESSLESS® BOOK OF COMFORT

Comfort is more than a promise – it is a promise fulfilled. The Book of Comfort from Stressless® is laden with fulfilled promises. Comfort is an essential key to renewed energy and then to memorable quality time with family and friends.

In The Book of Comfort you can choose from a wide range of furniture with unrivalled comfort. We offer recliners, sofas, luxurious corners and home cinema seating. Our functional tables, ottomans and accessories help to complete the comfort experience. That unmistakable, exclusive look which is, at the same time, both practical and functional.

This year Stressless® has taken a bold step in design and are proud to present Stressless® Metro and Stressless® City. These new recliners are the very essence of both comfort and elegance combined to form perfection.

# DISCOVER THE SECRETS

The unique cushioning in our Stressless® recliners and sofas embraces and supports your body like nothing else out there. 40 years of innovation has brought us to a point where we wholeheartedly can say that our Stressless® recliners and sofas are the best on the market. One reason why we can take such a bold stand is that the manufacturing of every little component on a Stressless® takes place right here, by the fjords of Norway.

## DISCOVER THE SECRETS OF PERSONAL COMFORT

- 1 The perforated foam, moulded directly over the frame, gives you better seating comfort as the indentations let you sink deeper into the seat and back of the recliner. Comfort Zones™ (pat. pend.) provide you with a proper contour for your body; they give good ventilation and guarantee that the cushions will be long-lasting and forever comfortable.
- 2 A soft polyurethane foam pad ensures optimum softness.
- 3 The pad of soft polyurethane foam is covered by a layer of super-soft polyester fibre, for a real touch of luxury.
- 4 Flexo springs on a steel frame ensure durable construction and strength.
- 5 The Plus™ system automatically provides correct support for your head and lower back. The function is double-sided for maximum stability, functionality and lifetime use.
- 6 Only genuine top-grain leather and high quality fabrics covers the front and back of Stressless® chairs.
- 7 The Stressless® glide system automatically adjusts to your body weight, with no buttons or levers to pull.
- 8 The two-stem base offers far smoother turning and stability than the one-stem swivels fitted on most recliners.
- 9 The concealed swivel ring means that you can easily turn full circle. And the gracefully curved shape of the base is designed for great strength and durability.

For unbeatable comfort, you set the Stressless® wheel once and change your sitting position by using your body weight.

The patented Stressless® Plus™ system automatically adjusts the headrest as you recline – supporting your neck while reading, watching TV and resting.

Anatomically correct lumbar support in all positions – synchronises with the neck support function as part of the Stressless® Plus™ system.

The sleep function is activated with one simple movement to lay the headrest flat.

Comfort Zones™ gives you a better seating comfort, as the indentations let you sink deeper into the seat and back of the recliner.

The Stressless® footstool is freestanding to fit all leg lengths, and the top follows your movements, thanks to its built-in glide function.

# INNOVATION SINCE 1934

Jens E. Ekornes made comfort his life project. He first established a spring-factory, with three employees. A true visionary. A visionary sees no borders, is always one step ahead, and makes sure that he delivers more than he has promised. For 80 years we have provided people all over the world with well-being, and we make sure to keep Jens E. Ekornes's innovative spirit alive, by constantly seeking improvement, so that Ekornes remains synonymous with the word comfort.

## COMFORT REFINED

Comfort and elegance have united in a bold statement – the Stressless® Metro. The newest member of the Stressless® family craves attention, but also knows the fine art of suiting it's surroundings. The Stressless® Metro is equipped with all the ergonomic advantages you have come to know and love, combined with a stylish rotating base, fresh lines and a new headrest pillow for optimal neck support. Stressless® Metro is quite simply unique. Furniture can be totally outstanding and make a living room worth remembering. Sitting in the Stressless® Metro really is one of those moments.

### CHOOSE BETWEEN TWO SEAT HEIGHTS

Stressless® Metro and Stressless® City can be ordered in two seat heights, 43 cm (standard) and 47 cm (tall). Please specify preferred seat height when ordering through your retailer (applies to both high and low back editions).

*Stressless® E200 sofa and Stressless® Metro recliners are shown in fabric Verona khaki. Stressless® Urban Large table. Our complete range of models is shown on pages 76-83.*

## A DISTINCTIVE IMPRESSION

Some details stand out and at the same time truly complement their surroundings. The new Stressless® Urban glass table is a subtle yet convincing statement to your good taste. It comes in a large edition and also a practical small edition to place next to your recliner. The comfort of the high back Stressless® Metro can be optimised when ordering with matching footstool. Both recliner and table coordinate perfectly with a wide range of our Stressless® and Ekornes® sofas and give your living room a distinctive look.

## LAY BACK OR LEAN IN

Sometimes you prefer to lay back, eyes closed and listening to your favourite music. Other times you cannot wait to fill your living room with lively conversation. The best lives have a balance of both – there's a time to enjoy the company of family and friends and there's a time for relaxing in silence. The Stressless® City recliner comes in a high back and low back edition. The slim, high back edition with matching footstool is perfect for those relaxing moments. The low back edition works well in groups. Both the high back and low back edition comes in two different seat heights. There's a Stressless® City moment for everyone.

# STRESSLESS® SOFA WITH ERGO ADAPT®

Sit down and feel your body sink into the soft cushion of a Stressless® E40, Stressless® E200, E300 or Long Seat with subtle tilting mechanism. Experience how the sofa adjusts to your body, providing you with a perfect sitting angle. And when you lie down, the seat stays completely flat. Ultimate comfort. That's the brilliance of our innovative and patented ErgoAdapt® system. It is built into the seat base and provides you with ultimate relaxation, whether you wish to sit or lie down.

Stressless® E200 C12 with Long Seat and headrest in Paloma Lilac/steel legs. Stressless® Jazz in Paloma Lilac. Stressless® Coffee table. Our complete range of models is shown on pages 76-83.

**From zero position to tilt position**  
The new Stressless® ErgoAdapt® system automatically tilts the seat as you sit down – providing the perfect degree of comfort and support.

**Lying down flat, no tilt**  
When you lie down on the sofa, the seat stays completely flat, offering exquisite comfort and giving you full advantage of the oversized seat.

**The Long Seat automatically tilts down, giving your legs perfect support when seated, while staying completely flat when you prefer to lie down.**

## PUT YOUR STRESSLESS® E40/E200/E300 TOGETHER EXACTLY THE WAY YOU WANT

Regardless of how much available space you have, there is always a place for a Stressless®. The brilliance lies in the flexible modules. Find your favourite model, and pick your ideal arrangement. The illustrations on the right show the most popular arrangements. See [www.stressless.co.uk](http://www.stressless.co.uk) for a complete overview and measurements for each model.

The Stressless® Coffee table proves that a table can be so much more than just a table. The clever design makes it fit perfectly above the seat of your sofa, ensuring that your snack or beverage is never more than an arm's length away. Stressless® Coffee table can also be used as a side table, and if you put two of them together they form an ingenious sofa table.

# GIVE YOUR HEAD A BREAK

Average is simply not good enough. Only the truly superb has the ability to make you come back, seeking that sense of relief you so often miss throughout the day. The ErgoAdapt® system provides you with ultimate comfort, whether you choose to sit or lie down. Our flexible headrest makes the sitting experience even better. The subtle movement of the headrest is easily adjusted by a handgrip. The headrest can be used on existing Stressless® E200 and E300 units, and is easily mounted without tools. The Long Seat has its own specially adapted headrest with the same innovative functions. Superb makes for a long-lasting relationship, and many comfortable memories.

# STRESSLESS® E40 – NEAT COMFORT

The Stressless® E40 benefits from the same innovative system in the base as the Stressless® E200 and E300. Still, there is something about the way it looks – compact and perfectly designed. The seat back is fixed, the headrest is elegantly integrated in the design and the triangular pillow ensures perfect lumbar support. The sofa is medium sized therefore making it perfect for slightly smaller living rooms.

## IMAGINE TOP-TO-TOE COMFORT

There is nothing like waking up on a quiet Sunday morning and taking time to stretch out on your very own Stressless® Long Seat. The ErgoAdapt® system built into the seat base ensures a top-to-toe comfort experience in any position. After enjoying a cup of freshly ground coffee with your favorite novel in hand, your back perfectly supported by the way the seat automatically tilts down, you throw your legs up and stretch out, happily realising how your legs are perfectly supported and how the seat stays completely flat when you lie down. The Stressless® Long Seat simply adjusts to your every movement, making your comfortable moments that much better.

## DESIGN THAT WORKS

Comfort is a living room that simply works. The Stressless® Duo ottoman cleverly contributes to making your living room practical and comfortable at the same time. Whether it's time to relax or socialise, the Stressless® Duo ottoman – with its functional wooden table neatly stored inside the stool – makes your living room area versatile and practical. When the ottomans are not in use, simply push them underneath the Stressless® Duo table. The ottomans and table combine to form a complete unit. The Stressless® Duo table is made from high quality toughened glass with beech, available in all Ekornes wood stains to match your interior.

## DELIGHT YOUR EYES

Comfort is not only measured by how your body feels – it can be a visual proposition too. A wooden trim on sofas gives a stylish look that will delight your eyes. In the same way as an appetizer makes you ready for the main course, a wooden trim makes the delectable comfort only a Stressless® sofa can provide, even better. The Stressless® Wizard is a perfect example of how stylish wood and durable leather can work together, a form that appears slender and traditional at the same time. Our wooden trims are designed and produced at our factory in Norway, and come in seven different finishes, making your sofa easy to complement with other pieces of furniture. The Stressless® Wizard features extremely soft cushioning made of especially designed foam. So, believe us when we say, you will not be disappointed.

## YOUR LIBERTY TO CHOOSE

The characteristic shape of its back means the Stressless® Voyager recliner curves perfectly around your body. This unique sense of comfort makes it an invaluable part of the Stressless® collection. The Stressless® Liberty sofa matches the recliner perfectly and comes in both a high back and a low back edition – the choice is yours. Naturally both sofa and recliner have got the same soft cushioning with that unmistakable luxurious feel.

## COMFORT WITHIN REACH

The Stressless® Flexi table is perfect for both leisure and work. Place your cup of coffee or selected beverage on this elegantly designed side table, while leaning back and enjoying your day off. Work at home, in the peaceful surroundings of your own living room, with the comfort only a Stressless® recliner can provide. The table is height-adjustable and the glass plate can easily be tilted and transformed into a standing PC-table.

## DETAILS MATTER

One thing that characterises all great design is the way it seamlessly integrates with other pieces, to create aesthetic uniformity. This is also the case with the clever Stressless® Easy Armrest table; designed to fit perfectly on top of the armrest of our Stressless® sofas. See how seamlessly it integrates with the armrest on the Stressless® Space. There are good sitting experiences. And then there are great sitting experiences. The practical and steady Stressless® Easy Armrest table makes all the difference.

# INDIVIDUAL COMFORT

Everyone agrees that when it comes to seating – individual comfort is paramount. However, your sense of comfort may differ from others. That is why all Stressless® sofas are available in both high back and low back options with individually adjusting seats. Whether you prefer sitting up a little straighter or you love leaning back with optimal head support, you can depend on the Stressless® Arion sofas to make your afternoons just a little bit better. How you combine the different models is, of course, entirely up to you and your own personal requirements.

## THE PLEASURE OF REAL QUALITY

The final touch to any piece of art can make all the difference. That is why our specially selected Stressless® fabric collection meets the most stringent requirements in the furniture trade. In fact, our international group of experts spent over a year selecting only those that met the highest expectations. Environmentally friendly and super-strong, without compromising that exclusive feel. Of course, they are available in the latest colour-trends and textures. Our fabrics have gone through all required tests and we believe the final results are the best and most comfortable fabrics on the market.

## PERFECT WELL-BEING IT'S POSSIBLE

Some choices are more important than others. Some epic milestones will have a greater impact on your everyday life than you could ever imagine. Your first Stressless® recliner could very well be one of those 'before and after' kind of moments. Through the decades all Stressless® designs have had one thing in common; a unique comfort experience. It's the way every little detail is designed with your well-being in mind, it's the way it glides back smoothly – adding perfect support in every position. It's the classic design that says durability and innovation at the same time. It's Stressless®.

## FULLY SUPPORTED

Imagine a headrest that adjusts automatically, so you can read and watch TV, even in a reclining position. Every little detail in a Stressless® recliner and high back sofa is designed using your ultimate comfort as a guiding compass. The Plus™ system makes sure that you're always perfectly supported, whether upright or reclined. The innovative Comfort Zones™ gives you a better seating experience, as the indentations let you sink deeper into the seat and back. Now imagine finding the perfect sleeping position, in one simple movement. After adjusting the Stressless® Glide wheel to the setting of your desire, simply use your body weight to shift to any seating position. It's possible. It's all possible because it's Stressless®.

## COMBINE, REDEFINE AND RECLINE

Your needs will change over time, but that does not mean your style of choice has to. Simply redefine the parameters. The Ekornes® Manhattan sofa comes in two and three seat options and is perfectly matched with Stressless® Eldorado one seat sofa and Stressless® Tampa, Reno and Vegas recliners. Allow for new and creative combinations that will renew your living room space, whilst preserving the classic and exclusive feel provided by the elegant wood trimming and fine leather.

# STRESSLESS® HOME CINEMA FURNITURE

HEIGHTENS EVERY  
MOVIE EXPERIENCE

The movie is about to begin – put your feet up on the Stressless® ottoman in front of you and recline to your preferred position. Then you can go on a journey – wherever the movie takes you. Your Stressless® home cinema furniture helps you forget all the worries of your everyday life while your thoughts drift off for a couple of hours. You'll be moved by stories of love that crosses borders or perhaps tales of heroes or heroines. You move more than 300 times during the length of a movie and Stressless® will support you in every position. The spacious, luxurious seats of your Stressless® home cinema furniture will let you move comfortably – that's the essence of an ultimate Stressless® home cinema experience.

# SIMPLY GREAT

Imagine an ottoman that unites comfort with functionality. The Stressless® Double ottoman features ample leg room for two, plus ample storage space inside. It also comes with an optional wooden table top, which can be placed on the ottoman – as a handy table when needed. The Stressless® Oval ottoman has been built around the same general idea – with its removable pillow, the ottoman also acts as a convenient table. The pillow can be stored underneath the table top when not in use. It's the epitome of functional design – it's Stressless®!

# EPIC SEATS

When the storyline of a great movie takes hold of you, transports you back in time or into the future, you want nothing more than to be able to remain comfortably seated. The clever sector tables and armrests complete the Stressless® home cinema setup, both functionally and aesthetically. No need to get up! Now everyone can keep their own giant bowl of popcorn, or selected beverage, within reach. The clever armrests double as practical storage places and so do the Stressless® ottomans. Gather the whole family for a couple of hours of quality time, or have the guys over to see the match. Unfortunately, we cannot guarantee a win or vouch for the movie – but we can guarantee epic seats for each and every one!

# A JOYOUS BIG SCREEN EXPERIENCE

You bring your book, your cup of coffee or your laptop and we'll bring the comfort – a combo unparalleled. The Plus™ System in the Stressless® home cinema setup allows the neck support to move in parallel with the lumbar support and makes the hours spent in front of the big screen a joyous experience. Choose between the ordinary armrest, the practical features of the Stressless® Easy armrest table or the Stressless® Corner table. The Stressless® home cinema set up ensures that every movie night gets a perfect ending!

**1.** The patented Stressless® Plus™ system automatically adjusts the headrest as you recline. **2.** Anatomically correct lumbar support in all positions – synchronises with the neck support function as part of the Stressless® Plus™ system. **3.** The sleep function is activated with one simple movement to lay the headrest flat. **4.** For unbeatable comfort, you set the Stressless® wheel once and change your sitting position by using your body weight. **5.** Comfort Zones™ give you a better seating comfort, as the indentations let you sink deeper into the seat and back of the recliner. **6.** Your Stressless® Office chair can easily and smoothly be height-adjusted by using the handle under the seat. The base with wheels is carefully developed and designed to give optimal stability and freedom of movement.

# COMPLETE THE PICTURE

Our Stressless® Office collection makes it harder to separate business from pleasure. Not only because our Office chairs are so delightfully comfortable, but also because the chair seamlessly blends in with your other Stressless® or Ekornes® furniture. You'll honestly forget the fact that you're sitting in an office chair – and so will everyone around you. The Stressless® Office collection is designed to match a wide range of our sofas and recliners, so that your office space will blend seamlessly into the design of the rest of your home.

## Ekornes® offers four categories of leather, in a selection of beautiful colours.

**BATICK** is a corrected, pigment-improved and grain-embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilisation properties and a favourable price make Batick a good choice.

**CLASSIC** is a corrected, pigment-improved and grain-embossed upholstery leather. Classic is somewhat thicker, and has a larger pebbled grain, than Batick. Most of its natural marks are removed. Also, some of the Classic colours have a two-tone colour effect to liven up the surface. A protective layer of lacquer simplifies cleaning. Classic is a wise choice if you want leather with excellent utilisation properties and a robust structure.

**PALOMA** is a slightly corrected leather with a combination of dyes and pigments that smoothes down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may, however, vary a little at some parts of the furniture and also minor

colour nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy-duty quality and protection as Batick and Classic. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

**ROYALIN** is the most exclusive of Ekornes's leather types, but also the most vulnerable. Royalin is a type of leather with natural pebbled grain and structure, and may have minor colour nuances and some natural marks. This is characteristic for a natural material such as Royalin. A very light surface treatment provides a certain protection, but Royalin absorbs moisture easily, and is extra vulnerable to wear and tear, heat, sunlight, spills and perspiration. This requires greater care in use and more vulnerability to influence from direct contact with human skin (especially from neck/hair and hands). Royalin has the softness and rich warm glow that characterise first-class furniture leather. Variances, including grain pattern and colour, are an inherent feature within Royalin leather and are a natural mark of high quality.

## Stressless® Leather and Fabric Care kits

To match the high quality of our furniture, Ekornes now offers its own leather and fabric (including microfiber) care series.

The Stressless® Leather Care kit (medium, large) and the Stressless® Leather Care Wipes contain a leather cleaner, a protection cream and wipes. For nurturing, and making the leather more resistant to stains, the protection cream should be applied to all leather

surfaces when your recliner is new. For later treatment, in addition to regularly removing stains, we recommend that the leather is cleaned with the Stressless® Leather Cleaner at least every 6 months. Always apply protection cream after cleaning. Please see [www.ekornes.com](http://www.ekornes.com) for further information about maintaining your leather furniture.

The Stressless® Fabric Care kit contains a fabric cleaner, a stain remover and 'Ox cleaner'.

This kit gives you everything you need to clean a piece of furniture in just minutes, without removing the fabric cover. For resistant stains, use the Fabric Cleaner together with the Stain Remover and 'Ox Cleaner'.

These are the only cleaners Ekornes will approve. Ekornes will decline all responsibility in cases where other products than those approved by Ekornes have been used to maintain your leather and fabric furniture.

### Ekornes® upholstery leather

Ekornes is one of Europe's largest consumers of leather. We purchase the leather from selected tanneries all over the world. Our own inspectors take part in the leather selection, which is conducted in accordance with international norms for quality determination. The experience we have gained from this work is for your benefit when you buy Stressless® or Ekornes® leather furniture. Our leather is manufactured according to current laws, guidelines and recommendations relating to their utilisation properties, and for the use and content of chemicals and other substances. We are cooperating with recognised international institutions in this line of business, to ensure that we are updated at all times with events relating to health, safety and the environment.

### The leather for our furniture is a natural material that comes from cattle hides

When the hide has gone through a tanning process and further processing to achieve the correct utilisation properties, it is called leather. One characteristic of hide is that it is marked by nature, vegetation and the care the animal has been subjected to. Cattle spend most of their lives outdoors, and will therefore be marked by external influences like insect bites, tears, scars, wrinkles, stretch marks, etc.

### The following are some of the properties of leather that you should be aware of

Leather is a natural product and is a beautiful and lively material used in furniture-making. Each hide is unique in its structure, appearance, nuance and size.

Ekornes may use several hides when making your furniture. This, together with the leather's play of colours and natural marks, makes each piece of furniture unique. In time, the leather will age and gain patina. It is important that you are aware of one thing: although leather furniture can withstand a lot of wear and tear, its appearance will change with the years.

**The following applies to all types of leather used by Ekornes:** Hide absorbs dyes differently, and therefore the leather may have colour nuances. These are due to dissimilarities and different fibre structures, which affect the colouring of the hide and how the hide absorbs the dyes during the tanning process.

All our leather qualities are deep-dyed, but there could always be a deviation between the basic colour of the hide (the colour of the side that faces the upholstery side of the furniture), and the colour of the grain side (the external side): i.e. the colour of the outer layer. This is normal. It is possible to use the same basic colour for leathers with different top colours.

Dyes and dyeing methods may vary between the different leather colours and leather qualities. Therefore, the basic colour and the colour of the top layer (which forms the wear layer and the final desired colour of the finished product) of a given leather quality may differ.

Some of the leather dyes have a two-tone colour effect (shadow/antique effect). Leather dyed with a two-tone

effect may change character faster and wear more unevenly than leather with just one colour. This applies in particular to areas of the furniture that are exposed to harder wear such as armrests, seat cushions and neck supports.

The top layer protects the leather and simplifies cleaning, but is nonetheless vulnerable to soiling and wear. If the top layer/top colour is destroyed, the leather may deteriorate faster. Penetrating spills/damage/scratches are normally irreparable and may result in the top colour changing character, cracking or peeling off.

Denim clothes and hard textiles, such as dungaree jeans, expose the leather to strong wear and may leave colour on the leather which is difficult to remove, without risking destruction of the top colour of the leather. Light leather colours in particular are vulnerable to such colour contamination.

All furniture leather sold by Ekornes is resistant to light, but changes in colour may occur as a result of use and extensive exposure to light. Consequently, furniture should not be exposed to direct sunlight or direct heat from heaters and other sources of heat. Leather is vulnerable to exposure to oils from direct contact with human skin (especially of the neck and hands).

*Remember: leather has a relatively long life-time, but can easily be destroyed by incorrect handling.*

## Stressless® Fabric

Our specially selected fabric collection meets the most severe requirements in the furniture trade. Stressless® fabrics are produced according to strict conditions with respect to nature; they are also prepared for heavy-duty use, light tolerance and flammability. Choose from the Verona, Ocean, Luna and Siena ranges in a wide selection of colours that match your interior.

### About fabric

Please note that colour changes will occur with time, as a result of use and the effect of light. You should always protect your furniture from direct sunlight. To prolong the life and appearance of your recliner or sofa, the fabric upholstery should be regularly vacuumed, professionally dry-cleaned or cleaned with our approved Stressless® Fabric Care kit.

## The wood colour

Our wood finishes are made from laminated European beech, a light-coloured wood with an attractive grain, eminently suitable for staining in various colours. The hardness of the wood makes beech furniture extremely durable.

## SELECT YOUR LEGS

Trainers with your elegant ball gown? Slippers with your smart suit? Most women prefer a pair of high heeled shoes to match that specially selected dress and most men, black leather shoes that complete that sharp business look. Still – the choice is always yours, and luckily most our Stressless® and Ekornes® models can be delivered with a wide range of different leg options. Steel legs give your sofa a more sophisticated and modern look, wooden legs give a warmer feel to your living room. So, whether your personality says "suit and leather shoes", or "evening gown and sneakers" - we have the legs to fit – the choice is always yours.

### STRESSLESS® MODERN AND STRESSLESS® SOFT OTTOMAN

Our ottoman is ingenious in at least two ways. It has a built-in tilt system, which makes sure the angle of the ottoman adjusts to your sitting position. It has room for all the extras, under its removable top. The ottoman comes in two sizes.

## FUNCTIONAL TABLES DESIGNED FOR COMFORT AND STYLE

All of our tables are developed with functional design and purpose in mind. Some of them are designed to fulfil the unique Stressless® comfort experience, and some of them to complement a specific Stressless® sofa model. The sofa tables with wooden legs are made of high-quality toughened glass and beech, and are available in seven different wood stains to match your furnishing and interior style.

W:127 D:77 H:48

## EKORNES® AND THE ENVIRONMENT

The objective of Ekornes is to accept environmental responsibility related to manufacturing, distribution and use of the company's products.

We will continue to implement initiatives in our factories that improve the internal and external environment, at the same time as we continue to select environmentally-friendly raw materials.

A sustainable manufacture of durable products will also in future be an objective in the development of our company.

The following core items shall be complied with in all parts of our activity:

- Ekornes shall appear as an environmentally-friendly enterprise. Our products shall cause the least possible impact on the environment.
- Ekornes has as its objective to keep the health risk at the workplaces at a minimum.
- Ekornes invests to avoid damage to the environment and injuries to health.
- Environmental information shall be generally available, for example through Environmental Product Declarations (EPD).
- Ekornes shall give objective and open information about how the company handles its environmental responsibility.

Ekornes has as its long-term objective to develop environmental issues to a competitive advantage through being ahead of our competitors also in this field.

Ekornes participates in the UN's Global compact.
