THE INNOVATORS OF COMFORT™

2018

EKORNES®

Some sensations
are beyond description
- they have to be experienced

Some sensations are beyond description or attempts at explanation. The feeling of comfort is one of them. Stressless® is world-famous for its unique level of comfort – it just has to be experienced.

Welcome to our world. To a world of relaxation and well-being, combined with elegance and style. We offer a multitude of different variations, so you can truly personalise your choice. After all, no-one else is you. The moment is yours. Sit back and enjoy!

You can also visit us on [stressless.com](https://www.stressless.com), Facebook or Instagram for further inspiration and information.

Some moments
are beyond description
- they have to be experienced

Plus[™]-system

Finally, a moment to yourself to recharge your batteries. Watch a film, read a good book or just wind down. Lean back and notice how the chair follows your movements. The unique Plus[™] system always gives you maximum comfort and support for your neck and lumbar region, regardless of whether you're sitting or lying down. The sleep function is activated with a simple hand movement, making your moments of comfort even better. Sleep tight.

Pages 36-37

BalanceAdapt[™]

Finding a good sitting position. Allowing your body to relax. Achieving a balance in life isn't always easy. With the integral BalanceAdapt[™] system, the chair adjusts its seat and back angle to your movements - in perfect harmony with your body. The gentle rocking motion increases your comfort in all positions, and all thanks to your own body weight. Everything in perfect balance, fully adjusted to your requirements whenever you need it most.

Pages 38-39

LegComfort[™]

As you'll agree, your legs deserve some top-class comfort after a long, hard day at work. Our unique Stressless[®] LegComfort[™] system takes that feeling of comfort to new heights. The comfortable footrest is elegantly concealed beneath the seat but slight pressure extends it outwards, providing superlative support for your legs. Finally you can enjoy that relaxing feeling you've been looking forward to all day.

Pages 40-41

ErgoAdapt[™]

In the hectic whirl of daily life, having a moment to yourself is vital. Take a seat, and notice how your body sinks smoothly into the soft cushion. With the integral ErgoAdapt[™] system, you can enjoy a relaxing sensation of comfort in every situation. The sofa adjusts to your body, whether you're sitting or lying down. Little by little your shoulders relax, cocooning you in comfort.

Plus-system

BalanceAdapt

LegComfort

ErgoAdapt

Sitting in a Stressless® recliner or on a Stressless® sofa is a relaxing experience. Our knowledge of comfortable sitting and movement provides us with extra impetus for our innovations and our desire to design the most comfortable, most unique furniture in the world offering unique functions which work both separately and together to bring you unrivalled comfort.

Plus™-system

Crystal blue

Plus™ System

Relax and feel your pulse rate slowing down. Imagine just being able to relax instead of worrying about all the things you should have done.

The Plus™ system permits automatic adjustment of the support to your neck and lumbar region, allowing you to read or watch TV even when fully reclined. The Plus™ system is included on all Stressless® recliners and high-back sofa models, and the sofas also come with individual seat control.

The slide function is integrated in the Stressless® wheel. You simply turn the wheel to select the resistance that suits you best, and after that you'll experience your own personal comfort level every time you sit down.

You can also activate the headrest sleep function easily and simply and feel your shoulders relaxing as you sink down into dreamland. This option allows you to have a ten-minute catnap or snooze for an hour – the choice is yours.

Stressless® Arion A1 sofa, shown in Paloma Purple Plum. Stressless® Enigma table.

BalanceAdapt™

Crystal blue

Plus-system

BalanceAdapt™

Our bodies were designed for movement and variation, not for sitting still. BalanceAdapt™ gives you a unique sensation of perfect balance. The seat angle automatically adjusts to the slightest body movement as the back and seat move together in harmony.

The gentle rocking motion increases your comfort in all positions. In our recliners, this system allows you to lie back even further. All our Stressless® recliners with Signature and Star bases and our Stressless® Julia sofa all come with BalanceAdapt™.

The recliner also comes with the Plus™ system, which provides optimum support for the neck and lumbar region. You can really unwind with this system.

Paloma Dark Olive

Stressless® Julia sofa, shown in Batick Mimosa. Stressless® YOU Longseat.

LegComfort™

Our unique Stressless® LegComfort™ system takes that feeling of comfort to new heights.

The comfortable footrest is elegantly concealed beneath the seat but slight pressure extends it outwards, providing superlative support for your legs. The length of the footrest can be adjusted to suit everyone. This system is available on all our Medium and Large Stressless® recliners with the Classic base, and on our Stressless® Lux and Stressless® Breeze sofas. LegComfort™ is combined with the Slide and Plus™ systems, ensuring that the chair follows your movements and provides perfect support for the neck and lumbar region in all sitting positions. This places your body in perfect balance, and believe us – it feels wonderful.

Stressless® Lux sofa and Stressless® Live (M) Classic with LegComfort™ recliner, shown in Cori Fog/Oak.

ErgoAdapt™

ErgoAdapt™

With the integral ErgoAdapt™ system on Stressless® E200, E300, E400, E600 and E700 models, you can enjoy a relaxing sensation of comfort in every situation.

The tilt mechanism in the seat cushion allows the sofa to adjust automatically to your body so that you sink smoothly down into the soft cushion. The neck support can be easily adjusted with a gentle tug, making the seat even more comfortable. The Long Seat has its own specially adapted headrest with the same innovative functions. All you have to do is enjoy it.

From zero position to tilt position The Stressless® ErgoAdapt™ system automatically tilts the seat as you sit down, providing perfect comfort and support.

Lying down flat, no tilt When you lie down on the sofa the seat stays completely flat, offering exquisite comfort and enabling you to take full advantage of the oversized seat.

The Long Seat automatically tilts down to give your legs perfect support when seated, but stays completely flat when you lie down.

Stressless® E700 sofa, shown in Paloma Almond. Stressless® Enigma table.

Try our famous Stressless test, and see why you have to experience the magic of comfort for yourself

The ultimate sensation of comfort is individual and personal to everyone. Everyone has different needs, and that's exactly why we encourage all our customers to try a Stressless® so that you can find a recliner of the right size that suits your own personal tastes. We guarantee this will be time well spent. After all, a Stressless® recliner is an investment that you'll go on enjoying for many years to come.

Are the height and width of the chair right for you?

Are you aware of how your entire body relaxes?

Is the ottoman positioned in the right place to give you maximum leg support?

Do the chair and ottoman move with you as you change position?

Can you adjust the headrest so that it lies flat when you recline?

Is your head supported comfortably as you lie down to read or watch TV?

Do you feel that the seat back reclines sufficiently?

Does the chair provide good lumbar support in all positions?

Does the recliner feel robust and safe?

Does the gliding movement smoothly adjust to the weight of your body?

Colours, trends and inspiration

One of the fascinating things about trends is that they never stop changing. Sometimes inspiration comes from the past, other times completely new things are created. And the same is true of home interior trends.

Participating in trend seminars and trade fairs helps us to keep up to date with the latest in colours, fabrics and interiors. We incorporate the best from these trade fairs into our collection to ensure it always remains at the cutting edge. We aim to provide you with a multitude of variations so you can you can make your home meet your own personal needs.

Our world of modern comfort now offers a wide and varied range of colour schemes, with all the opportunities for personal variation that this brings. We offer colour scales ranging from extremely light, almost transparent colours to sophisticated, smokey pastels. Deep, subdued earth colours offering calm and comfort and matching most homes are another strong trend. Our large collection provides you with plenty of choice, allowing you to experiment with the many exciting combinations on offer.

Take a look through our new catalogue and be inspired to mix and match some of your own colour combinations.

Leather: Natural, beautiful, lively

Ekornes is one of Europe's biggest consumers of leather. We buy our leather from selected tanneries all over the world. Our own inspectors help to select the leather we use, working in accordance with international quality assurance standards. Buying Stressless® or Ekornes® leather furniture means you benefit from all the experience we've gained from this over the years. Our leather is manufactured according to current laws, guidelines and recommendations relating to its utilisation properties, as well as its use and content of chemicals and other substances. We work in partnership with recognised international institutions operating in this line of business so as to ensure we always stay up to date with matters relating to health, safety and the environment.

The leather for our furniture is a natural material that comes from cattle hides When the hide has gone through a tanning process and further processing to achieve the correct utilisation properties, it is called leather. One characteristic of hide is that it is marked by nature, vegetation and the care the animal has been subjected to. Cattle spend most of their lives outdoors, and will therefore be marked by external influences like insect bites, tears, scars, wrinkles, stretch marks, etc.

The following are some of the properties of leather that you should be aware of Leather is a natural product and is a beautiful and lively material used in furniture-making. Each hide is unique in its structure, appearance, nuance and size.

Ekornes may use several hides when making your furniture. This, together with the leather's play of colours and natural marks, makes each piece of furniture unique. In time, the leather will age and gain patina. It is important that you are aware of one thing: although leather furniture can withstand a lot of wear and tear, its appearance will change with the years.

The following applies to all types of leather used by Ekornes: Hide absorbs dyes differently, and therefore the leather may have colour nuances. These are due to dissimilarities and different fibre structures, which affect the colouring of the hide and how the hide absorbs the dyes during the tanning process.

All our leather qualities are through-dyed, but there could always be a deviation between the basic colour of the hide (the colour of the side that faces the upholstery side of the furniture), and the colour of the grain side (the external side): i.e. the colour of the outer layer. This is normal. It is possible to use the same basic colour for leathers with different top colours.

Dyes and dyeing methods may vary between the different leather colours and leather qualities. Therefore, the basic colour and the colour of the top layer (which forms the wear layer and the final desired colour of the finished product) of a given leather quality may differ.

Some of the leather dyes have a two-tone colour effect (shadow/antique effect). Leather dyed with a two-tone effect may change character faster and wear more unevenly than leather with just one colour. This applies in particular to areas of the furniture that are exposed to harder wear such as armrests, seat cushions and neck supports.

The top layer protects the leather and simplifies cleaning, but is nonetheless vulnerable to soiling and wear. If the top layer/top colour is destroyed, the leather may deteriorate faster. Penetrating spills/damage/scratches are normally irreparable and may result in the top colour changing character, cracking or peeling off.

Denim clothes and hard textiles, such as dungaree jeans, expose the leather to strong wear and may leave colour on the leather which is difficult to remove, without risking destruction of the top colour of the leather. Light leather colours in particular are vulnerable to such colour contamination.

All furniture leather sold by Ekornes is resistant to light, but changes in colour may occur as a result of use and extensive exposure to light. Consequently, furniture should not be exposed to direct sunlight or direct heat from heaters and other sources of heat. Leather is vulnerable to exposure to oils from direct contact with human skin (especially of the neck and hands).

Remember: leather has a relatively long life-time, but can easily be destroyed by incorrect handling.

Ekornes® offers four categories of leather in a selection of beautiful colours.

BATICK is a corrected, pigment-improved and grain-embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilisation properties and a favourable price make Batick a good choice.

CORI is a corrected, pigment-improved and grain-embossed upholstery leather. Cori is somewhat thicker, and has a larger pebbled grain, than Batick. Most of its natural marks are removed. Also, some of the Cori colours have a two-tone colour effect to liven up the surface. A protective layer of lacquer simplifies cleaning. Cori is a wise choice if you want leather with excellent utilisation properties and a robust structure.

PALOMA is a slightly corrected leather with a combination of dyes and pigments that smoothes down some of the structure (grain pattern) of the leather. However, the grain structure of Paloma may vary a little in places on the furniture, and minor differences in colour shades may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and makes it easier to clean, but Paloma doesn't offer the same heavy-duty quality and protection as Batick and Cori. Paloma is a very popular choice thanks to its soft, natural and comfortable feel.

NOBLESSE is the most exclusive leather in the Ekornes collection. This is a full grain, semi-aniline leather, which means the leather is dyed using a light surface treatment. This provides a certain amount of protection while still maintaining the natural softness and glow that are characteristic of a first-class upholstery leather. A natural material such as Noblesse retains its original grain and structure, and various grain patterns may be visible in different parts of the furniture. Minor colour variations and marks as a result of scars and injuries may also be visible and are characteristic of a natural material like Noblesse. The light surface treatment means that Noblesse is the most delicate of all the Ekornes leathers. It absorbs moisture readily and is particularly sensitive to wear, heat, exposure to sunlight, stains and sweat. Regular maintenance is important to maintain the exceptional appearance of the leather.

Ekornes® fabric collection

Our specially selected fabric collection meets the furniture industry's strictest requirements. Stressless® fabrics are produced in accordance with strict environmental conditions and are treated for heavy-duty use, light tolerance and inflammability. Choose from our wide selection of colours to match your interior.

Please note that colour changes will occur over time as a result of use and the effects of exposure to light. You should always protect your furniture from direct sunlight. To prolong the life and appearance of your recliner or sofa, the fabric upholstery should be regularly vacuumed, professionally dry-cleaned or cleaned with our approved Stressless® Fabric Care kit.

Calido is a wool felt fabric with an exclusive appearance, which feels comfortable and soft next-to-the skin. It is available in a varied and exclusive colour palette.

Crocus is a flatwoven fabric with a look that's subtle and appealing. This fabric suits most models. It's a timeless classic, a fact also reflected in the selection of colours available.

Dahlia has a slight sheen to its surface, which gives the fabric an exclusive and elegant look. The fabric feels soft, cosy and inviting. The attractive colour palette emphasises the classic and timeless appeal of the fabric.

Dinamica is a well-known microfibre-quality fabric with an appearance resembling chamois leather. This is soft and very comfortable, breathable and non-static. Easy to keep clean and highly wear resistant.

Faron is a bouclé fabric. It has a rough, coarse structure but still feels soft and comfortable against the skin. The weave of this fabric makes it extremely strong and hardwearing, with good durability. The fabric has an even colour tone and is available in a broad range of colours.

Grace is a velour with a medium length pile. The soft, silky texture has a fine sheen and provides an attractive interplay of colours. Grace is hardwearing, comfortable to sit on and easy to keep clean.

Iris is a classic yet trendy bouclé. Several colours are woven into the fabric, allowing exciting colour combinations with other fabrics or leather. The tiny loops in the fabric may naturally lose their springiness over time, so regular vacuum-cleaning is important to help the fabric retain its beautiful appearance for many years to come.

Ivy is a flat-weave fabric with subtle nuances in the surface. The attractive two-tone effect gives the fabric a comfortable look. Ivy offers excellent durability and is easy to keep clean.

Jasmine has a fine, softened structure which makes the surface appealing. We've selected a range of dusty, subdued colours that can easily be combined with colours from our leather collection.

Karma is a flatwoven fabric with multi-coloured thread, which provides a soft and harmonic melange effect and a vivacious appearance.

Linden has a strong structure. The weave includes threads in different shades and with various levels of shine, providing attractive, subtle variations in the surface.

Silva is a pure and timeless wool fabric that feels comfortable next to the skin. This fabric is available in a muted and classic colour palette.

Verona is a velour fabric with short pile. This fabric may appeal to anyone who prefers a less glossy surface. Verona is wear resistant, comfortable and easy to keep clean.

York looks attractive and is soft, cosy and comfortable. This fabric is suitable for both firm and soft models and is available in a fine range of stylish, subtle colours. This fabric is therefore a good fit for most homes, and is also easy to keep clean.

Design your dream chair

Never before have so many options been available to help you find the Stressless® recliner that's just right for you.

Most of our Stressless® recliners are available in three sizes. We wanted to make sure that everyone could experience total relaxation, whatever their height or body shape. There are various bases and wood types and luxurious leather and fabric collections to choose from so that can create the chair of your dreams. And with so many unique options, all your requirements can be met and you'll find the perfect furniture to match your home.

1 select design and size

Make your selection from our range of designs and sizes to quickly discover the perfect comfort.

2 select base

There are five different bases to choose from here, all with one thing in common: unique comfort.

Classic base

With its unique stability and timeless design, this classic style has provided perfect comfort for decades. Available in sizes S, M and L.

Plus-system

Classic base with LegComfort™-system

The elegant footrest is hidden beneath the seat. Simply push it out to provide optimum leg support. Available in sizes M and L.

Plus-system Leg Comfort™

Signature base with BalanceAdapt™

A soft and comfortable rocking motion based on an aluminium and wood frame. A treat for both the eyes and the body. Available in sizes S, M and L.

Plus-system BalanceAdapt™

Star base with BalanceAdapt™

A soft and comfortable rocking motion based on an aluminium frame. A treat for both the eyes and the body. Available in sizes M.

Plus-system BalanceAdapt™

Home Office base

Comfort and full freedom of movement. Your work efficiency is bound to increase even at home. Available in size M.

Plus-system

3 select leather/fabric and wood type

The final brushstroke on a painting can make all the difference. You have eight different wood colours to choose from in addition to the wide range of colours and qualities in our leather and fabric collection. See the overview of leather and fabric types on pages 48-51.

Stressless® wood colours

Ekornes uses rotary cut beech veneer in all its moulded furniture components. Lightly steamed beech is used for solid wood components. The hardness of the wood makes beech furniture extremely durable, and the timber we use is a renewable resource. Beech is a natural material, and variations in its pattern, colour and texture make each piece of furniture unique. Although beech is used for both solid and moulded components, structural differences may be visible.

Chair, W: 80 H: 121/128 D: 70
Seat height: 43/50

Stressless® City, Stressless® Metro, Stressless® Paris and Stressless® London are available in two seat heights; 43 cm (standard) and 47 cm (tall). Please specify your preferred seat height when ordering through your retailer (applies to both high and low back models).

Classicelevator ring. The Stressless® elevator ring adds an extra 3.5 cm to the seat height and is your key to comfort if you require extra height. Simply snap it on: no tools necessary. The Stressless® footstool elevator ring adds 3.5 cm to the height of the footstool. Fits all footstools produced after 1 March 2004

Signature elevator-kit. If you require additional height for your Stressless®, you can order an elevator kit if you have a Signature base. This is easy to attach and will increase the height of your chair by 3 cm.

Hard Floor Protector
Self-adhesive felt for use under the base to protect your floor. For the Classic base.

The patented Stressless® Plus™ system automatically adjusts the headrest as you recline – supporting your neck while you read, watch TV and rest.

Anatomically correct lumbar support in all positions – synchronises with the neck support function as part of the Stressless® Plus™ system.

The sleep function is activated with one simple movement to lay the headrest flat.

For unbeatable comfort, set the Stressless® wheel once and then adjust your sitting position simply by using your body weight.

Discover the secrets of personal comfort

1. The perforated foam moulded directly over the frame gives you improved seating comfort as the indentations allow you to sink deeper into the seat and back of the recliner. Comfort Zones™ (patent pending) provide the ideal contours for your body, offer good ventilation and guarantee that the cushions will remain comfortable for a long time to come.
2. A soft polyurethane foam pad ensures optimum softness.
3. The soft polyurethane foam pad is covered with a layer of super-soft polyester fibre for a real touch of luxury.
4. Flexo springs on a steel frame ensure durable construction and strength.
5. The Plus™ system automatically provides the correct support for your head and lower back. This function is double-sided for maximum stability, functionality and lifetime use.
6. Only genuine top-grain leather and high-quality fabrics are used to cover the front and back of Stressless® chairs.
7. The Stressless® glide system automatically adjusts to your body weight, with no buttons or levers to pull.
8. The various bases provide full stability and allow you to turn through a full 360 degrees.
9. Laminated beech base. All colours are stained and varnished.

Create your dream sofa

Your sofa is the focal point of your home, the place where you come back to earth after a long day. Whether you sit on your sofa to discuss the day's news over a cup of coffee, or relax there with a good book, or settle back for an evening of entertainment in front of the TV, the sofa is the hub in your home. You can combine modules of your choice, select different wood types and choose from our luxurious leather and fabric collections to create the sofa of your dreams. And with so many unique options, all your requirements can be met and you'll find the perfect furniture to match your home.

1 select model

Make your selection from our range of designs and sizes to quickly discover the perfect comfort.

2 select layout

Whether your living room is big or small, our layouts can be easily adapted to fit. You're in charge here. Take a look at stressless.com to view all the layout options and dimensions available.

3 select leather/fabric and wood type

The final brushstroke on a painting can make all the difference. You have eight different wood colours to choose from in addition to the wide range of colours and qualities in our leather and fabric collection. See the overview of leather and fabric types on pages 44-47.

Stressless® wood colours

Ekornes uses rotary cut beech veneer in all its moulded furniture components. Lightly steamed beech is used for solid wood components. The hardness of the wood makes beech furniture extremely durable, and the timber we use is a renewable resource. Beech is a natural material, and variations in its pattern, colour and texture make each piece of furniture unique. Although beech is used for both solid and moulded components, structural differences may be visible.

Stressless® Arion SC 11111 and Stressless® Arion SC 1111 shown in Cori Mustard. Stressless® Oval ottoman.

Stressless® Home Cinema

You may move more than 300 times while watching a single film. This might sound exhausting, but don't despair – Stressless® seating is designed to adjust to your every movement. The spacious, soft seats of your Stressless® Home Cinema seating, combined with a Stressless® ottoman, give you that perfect movie experience.

No matter how big or small your room is, our ingenious flexible modules mean you can always find room for an elegant Stressless® home cinema. Find your favourite model and then select your ideal arrangement.

Find out more about the many options available at stressless.com

Stressless® Arion SC 11, shown in Batick Chilli Red. Stressless® Oval ottoman.

The Stressless® Sector (SC) / Sector Arm (SCA) is upholstered in the same way as the sofa and conceals a storage space beneath the top. The Sector / Sector Arm also functions as an armrest, which is why setups with Sector / Sector Arm tables should be treated as a single, fixed unit.

Stressless® Pause SCA 121 shown in Paloma Black. Stressless® Double ottoman.

The Stressless® Double ottoman features ample legroom for two, plus storage space inside. It also comes with an optional wooden tabletop which can be placed on the ottoman to provide a handy table when needed.

The Stressless® Oval ottoman has been built around the same general idea – its removable cushion means it can also be used as a convenient table. The cushion can be stored beneath the tabletop when not in use.

The smart Sector tables and armrests complete the Stressless® Home Cinema setup, both functionally and aesthetically. Now there's no need to get up – everyone can have their own giant bowl of popcorn or favourite drink within reach! The armrest also includes a practical storage space.

All our tables and footstools have been expressly designed to match the unique sense of comfort which is the very essence of Stressless®.

STRESSLESS® ENIGMA
A stylish glass table with an aluminium base.
Available in size W: 90 H: 44

STRESSLESS® EASY ARMREST TABLE
This smart table has been designed for the Stressless® Arion and Stressless® E200. Simply place the table on the armrest to provide a convenient extra surface.
W: 25 D: 23 H: 10

STRESSLESS® SWING TABLE
This table remains independent of your movements and can be simply swung aside when not in use. Can only be fitted to Classic base and LegComfort™ recliners.
W: 28

STRESSLESS® COMPUTER TABLE
This table provides a good working position and remains independent of your movements. Simply swing it to the side and fold it down when not in use. Can only be fitted to Classic base and LegComfort™ recliners.
W: 41 D: 31

STRESSLESS® URBAN TABLE
The stylish Stressless® Urban glass table is designed to match the new Stressless® Metro and City recliners. Choose from a large sofa table or a practical smaller version to place next to your Stressless® recliner. W: 90 H: 48 / W: 55 H: 48

STRESSLESS® STYLE
An elegant sofa table and side table, available in several colour combinations. The slight difference in height means that the tables can be easily combined in different ways, either standing apart or close together. The tabletop is made from MDF with a melamine surface and is available in White, Black and Cream. The wooden legs are available in Black, Natural and Brown. L: 137 D: 60 H: 47 / W: 55 H: 52

STRESSLESS® WINDSOR TABLE
Made from beech. Available in Natural or stained in the following colours: Oak, Walnut, Teak, Brown, Wenge, Grey and Black. W: 132 D: 70 H: 48

STRESSLESS® DOUBLE OTTOMAN
This large ottoman offers ample space to put your feet up, while the storage space conceals a tabletop that can be placed on the ottoman when needed.
W: 119/154 D: 61 H: 44

STRESSLESS® OVAL OTTOMAN
The Stressless® oval ottoman has a removable cushion and doubles as a convenient table. When you don't need to put your feet up, simply store the cushion beneath the tabletop.
W: 90 D: 48 H: 47

STRESSLESS® OTELLO
A solid stool, available with either an aluminium or a moulded beech base.
W: 100 D: 50 H: 45

STRESSLESS® MODERN AND STRESSLESS® SOFT OTTOMAN
Our ottoman is ingenious in at least two ways. Firstly, it features a built-in tilt system, which ensures that the angle of the ottoman is adjusted to your sitting position. And secondly, it has room for all your extras under its removable top. Available in two sizes.
W: 51 D: 40 H: 44 W: 60 D: 60 H: 44 W: 53 D: 49 H: 44 W: 64 D: 70 H: 44

STRESSLESS® ALPHA
A versatile table with a USB port, this fits all Stressless® chairs perfectly. Available in various combinations of glass, MDF and wood, with a black or chrome stem. W: 52 D: 42 H: 50-73 (adjustable)

STRESSLESS® BETA
A versatile table with a USB port, this fits perfectly between two Stressless® chairs. Can also be used in front of chairs with a Star base. Available in various combinations of glass, MDF or wood, with a black or chrome stem. W: 51 D: 55 H: 50-73 (adjustable)

STRESSLESS® ELLIPSE TABLE
This flexible, easy-to-move table is ideal as it keeps everything you need within easy reach while you're in your comfort zone. W: 49 D: 38 H: 48-71 (adjustable)

STRESSLESS® CORNER TABLE
This practical table is perfect for placing between a pair of Stressless® recliners. Also ideal for any corner setup or home cinema arrangement. W: 69 D: 60 H: 48

Stressless® Leather and Fabric Care kits

Ekornes offers its own leather and fabric (including microfibre) care kits to match the high quality of our furniture.

The Stressless® Leather Care kit (medium, large) contains a leather cleaner and protection cream. Stressless® Leather Care Wipes are also available. For maintenance, and to make the leather more resistant to stains, the protective cream should be applied to all your recliner's leather surfaces when new. We recommend that you clean the leather with Stressless® leather cleaner at least once every six months to keep your leather looking its best, removing stains regularly and ensuring long leather life. Always apply the protective cream after cleaning.

The Stressless® Fabric Care kit contains a fabric cleaner, a stain remover and an 'ox cleaner'. This kit contains everything you need to clean your furniture in minutes without removing the fabric cover. For resistant stains, use the fabric cleaner together with the stain remover and 'ox cleaner'.

These are the only cleaning products recommended by Ekornes. Ekornes accepts no responsibility if cleaning products other than those recommended by Ekornes are used and cause damage to the leather.

Stressless

Ekornes and the environment

The objective of Ekornes is to accept environmental responsibility related to manufacturing, distribution and use of the company's products.

We will continue to implement initiatives in our factories that improve the internal and external environment, at the same time as we continue to select environmentally-friendly raw materials.

A sustainable manufacture of durable products will also be an objective in the development of our company.

The following core items shall be complied with in all parts of our activity:

- Ekornes shall appear as an environmentally-friendly enterprise. Our products shall cause the least possible impact on the environment.
- Ekornes has as its objective to keep the health risk at the workplaces at a minimum.
- Ekornes invests to avoid damage to the environment and injuries to health.
- Environmental information shall be generally available, for example through Environmental Product Declarations (EPD).
- Ekornes shall give objective and open information about how the company handles its environmental responsibility.

As an objective, Ekornes will continue to develop environmentally responsible methods in order to gain a competitive advantage ahead of our competitors.

Ekornes participates in the UN's Global compact.

The pleasure of comfort

Since 1934, we have had the pleasure of bringing comfort to homes all over the world. This has made Stressless® one of the best known brands in the furniture industry. The passion for detail and innovative solutions shared by all our staff enables us to create new systems that allow your body to rest and relax as comfortably as possible while also adding an impressive touch to your living room.

There are many reasons as to why our furniture is so comfortable. It has something to do with the people, the choice of materials and all the innovative solutions we've put into production. The landscape that surrounds us also plays a major part in defining what we produce. The majestic peaks and endless fjords of our country set our minds at ease and are the perfect destresser on the most stressful of days. If you haven't visited the fjords yet but would like a glimpse, even a tiny one, of this most majestic of Norwegian natural landscapes, we recommend giving Stressless® a try. This may very well be the closest you'll ever come to the bliss of pure comfort.
