THE COMFORT COLLECTION

EKORNES®

## Comfort is... the Stressless® way of living

Welcome to this year's Stressless® collection, where you can choose from a wide range of furniture with unrivalled comfort. We offer everything from recliners, chairs, sofas, luxurious corners and home cinema seating, as well as functional tables, ottomans and accessories. All are developed, designed and carefully manufactured in Norway with one ultimate goal; to give you ultimate relaxation and the best solution to your home furnishing needs.

**NEW**

This year we are especially proud of our new sofa models; Stressless® Legend and Stressless® Wizard, as well as our new recliner Stressless® Voyager. These models take comfort to a whole new level, featuring an extremely soft cushioning made of specially designed foam. This unique cushioning feels instantly sumptuous and luxurious as you relax, while it embraces and supports your body.

For decades we have been committed to our pursuit in the ultimate comfort, which means that every single detail on Stressless® furniture is designed with your well being in mind. Style and good looks are important too, but primarily it's all about how wonderful your body feels when you are seated.

Look for the distinctive Stressless® logo on your products, and you will know that you are dealing with original Stressless® comfort. Don't settle for less.

With its characteristic and innovative design, the Stressless® Voyager brings a new and exciting dimension to the Stressless® collection. See page

A STRESSLESS® FEATURE

THROUGHOUT THE CATALOGUE, OUR SPECIAL STRESSLESS® FEATURES WILL BE PRESENTED IN MORE DETAIL.

### PERSONALISED COMFORT

We all come in different shapes and sizes, and when it comes to personal comfort – Ekornes gives you the freedom to choose. That’s why most of the Stressless® designs are available in three sizes, some in two – so you can choose the design that complements your size.

Stressless® Magic (S), Stressless® Magic (M) and Stressless® Magic (L). Our complete range of models is shown on pages 60-67.

### DISCOVER THE SECRETS OF PERSONAL COMFORT

- 1 The perforated foam, moulded directly over the frame, gives you better seating comfort as the indentations let you sink deeper into the seat and back of the recliner. Comfort Zones™ (pat. pend.) provide you with a proper contour for your body; they give good ventilation and guarantee that the cushions will be long-lasting and forever comfortable.
- 2 A soft polyurethane foam pad ensures optimum softness.
- 3 The pad of soft polyurethane foam is covered by a layer of super-soft polyester fibre, for a real touch of luxury.
- 4 Flexo springs on a steel frame ensure durable construction and strength.
- 5 The Plus™ system automatically provides correct support for your head and lower back. The function is double-sided for maximum stability, functionality and lifetime use.
- 6 Only genuine top-grain leather covers the front and back of Stressless® chairs.
- 7 The Stressless® glide system automatically adjusts to your body weight, with no buttons or levers to pull.
- 8 The two-stem base offers far smoother turning and stability than the one-stem swivels fitted on most recliners.
- 9 The concealed swivel ring means that you can easily turn full circle. And the gracefully curved shape of the base is designed for great strength and durability.

Upright position

Reclined

Fully reclined with sleep function

360° swing

The patented Stressless® Plus™ system automatically adjusts the headrest as you recline – supporting your neck while reading, watching TV and resting.

Anatomically correct lumbar support in all positions – synchronises with the neck support function as part of the Stressless® Plus™ system.

The sleep function is activated with one simple movement to lay the headrest flat.

Comfort Zones™ gives you a better seating comfort, as the indentations let you sink deeper into the seat and back of the recliner.

For unbeatable comfort, you set the Stressless® wheel once and change your sitting position by using your body weight.

The Stressless® footstool is freestanding to fit all leg lengths, and the top follows your movements, thanks to its built-in glide function.

## TAKE THE COMFORT TEST™ – YOU’LL INSTANTLY FEEL THE DIFFERENCE

The Comfort test™ was developed to ensure that you feel and experience every aspect of Stressless® comfort as well as all our patented features. Taking the test also shows you what really matters when you’re choosing the recliner you’re going to live with for many years to come. The Comfort test™ takes just 5 minutes, but most people relax and enjoy it for much longer.

*Stressless® recliners come in many different designs and sizes. Find your favourite and create your own personal bubble of comfort.*

1 Is it possible to **adjust the headrest** so that it is flat in the reclining position?

2 Can you lie down, read or watch TV – and always feel that **your neck is supported comfortably**?

3 Do you have the feeling that the back of the recliner **reclines sufficiently**?

4 Does it provide **good lumbar support** in all positions?

5 Does the recliner **feel stable and safe**?

8 Does the height and width of the recliner **fit you perfectly**?

9 Do you notice how your **whole body relaxes**?

10 Is the footrest the right distance away to **give maximum support** for the length of your legs?

6 Does the **recliner’s gliding movement** easily adapt to suit your weight?

7 Do the recliner and footstool **follow your every move**?

## MAKING THE PERFECT CHOICE FOR YOU

Choosing your perfect Stressless® recliner takes time. Stressless® recliners® come in different sizes, with slightly different designs, and need to fit into various interior designs. The final choice is only made after much deliberation. This careful consideration means that you can be sure that you are making the perfect choice for you.

The timeless design allows Stressless® recliners to fit perfectly into most interiors, and our wide range of leather, fabrics and wood in different colours makes it easy to match with your furnishing and interior style. A Stressless® recliner may come in many different designs, but they all have one thing in common; the unique comfort you instantly recognise when seated. It's the way it glides back smoothly – giving perfect support in all positions. It's how it gently swivels – with ease and stability. And it's how the adjustable footstool completes the total feeling of relaxation. Every single detail is designed with your well-being in mind. Try it at your nearest Stressless® dealer and find your personal favourite.

## UNRIVALLED COMFORT IN NEW DESIGN

With its characteristic and innovative design, the Stressless® Voyager brings a new and exciting dimension to the Stressless® collection. The tapered shape of the back makes it look neat and well formed. The comfort is, of course, unrivalled. The soft cushioning feels sumptuous and luxurious as you relax, while it embraces and supports your body. We recommend that you try it – you won't regret it.

## PRACTICAL AND FUNCTIONAL DESIGN

The new Stressless® Duo ottoman can be used as a footstool or as a small table. Simply take the wooden table, which is neatly stored in the side of the stool, and place it on the top for a convenient and movable table. When not in use, you can easily place it under the Stressless® Duo table.

The Stressless® Duo table is made from high quality toughened glass with beech, available in all Ekornes wood colours to match your interior. Add up to four Stressless® Duo ottomans and the result is the epitome of functional design. The ottomans are lightweight, making them easy to move.

## A SOFA BORN TO PLEASE YOU

A wooden trim on sofas gives a stylish look, as well as more options to complement your living area with other furniture. The Stressless® Wizard features extremely soft cushioning made of specially designed foam, and elegant wooden details of laminated beech, available in all of the seven different Ekornes wood finishes. The combination of elegant laminated wood and the finest leather has, for decades, been a distinctive tradition of the Scandinavian furniture design, with an unsurpassed quality that is not obtained elsewhere. We are convinced that Stressless® Wizard will delight your body as well as your eyes.

A STRESSLESS® FEATURE

## STRESSLESS® SOFA WITH ERGO ADAPT® – WHETHER YOU SIT OR LIE DOWN

Sit down and feel your body sink into the soft cushion of a Stressless® E200, E300 or Long Seat with subtle tilting mechanism. Experience how the sofa adjusts to your body, providing you with a perfect sitting angle. Now, do the same lying down. The feeling is the same; only now the seat stays completely flat. Ultimate comfort. That's the brilliance of the ErgoAdapt® system. It is built into the seat base and provides you with the best comfort, whether you wish to sit or lie down.

**From zero position to tilt position.** *The new Stressless® ErgoAdapt® system automatically tilts the seat as you sit down – providing the perfect degree of comfort and support.*

**Lying down flat, no tilt** – *When you lie down on the sofa, the seat stays completely flat, offering exquisite comfort and giving you the full advantage of the oversized seat.*

*The Long Seat automatically tilts down, giving your legs perfect support when seated, while staying completely flat when you prefer to lie down.*

*Stressless® E200 sofa C22 with Long Seat with headrest in Paloma Chilli Red and steel legs. Ekornes® Jazz Round table. Our complete range of models is shown on pages 60-67.*

## STRESSLESS® LONG SEAT – PERFECT FOR STRETCHING OUT

The ErgoAdapt® system is built into the seat base of the Long Seat, providing ultimate comfort in any position. The seat automatically tilts down, giving your legs perfect support when seated, while staying completely flat when you prefer to lie down. The Long Seat can be freestanding, or attached to a 2-seater or 3-seater, in a Stressless® E200 and Stressless® E300 sofa concept. It also has individual back cushions available in either fabric or leather to complement or provide contrast.

A STRESSLESS® FEATURE

## SIT EVEN BETTER!

The ErgoAdapt® system provides you with the ultimate comfort, whether you choose to sit or lie down, our new and flexible headrest makes the seating experience even better. The subtle movement of the headrest is easily adjusted by a handgrip, allowing you to find your optimal seating position – as shown in the picture below. The headrest can be used on existing E200 or E300 units, and is easily mounted without tools. The Long Seat has its own specially adapted headrest with the same innovative functions.

— A STRESSLESS® ACCESSORY —

**The Stressless® Coffee table** proves that a table can be so much more than just a table. The clever design makes it fit perfectly above the seat of your sofa, ensuring that your snack or beverage is never more than an arm's length away. Stressless® Coffee table can also be used as a side table, and if you put two of them together they form an ingenious sofa table.

## SAME SUPERB COMFORT – NEW OPTIONS

The combination of comfort and flexibility on Stressless® E200/E300 with ErgoAdapt® system, has become a great success following their introduction to the market two years ago. We are now making them even more versatile by introducing a 1-seat option and a side panel. This gives you even more possibilities for your own bespoke sofa combinations, as well as making it easier to furnish your living area. The fantastic comfort is, of course, still the same.

## WE TAKE PRIDE IN OUR FABRICS

We take great pride in which textiles we choose as our Stressless® fabrics. Our specially selected fabric collection meets the most stringent requirements in the furniture trade. In fact, our international group of experts spent over a year selecting only those that met the highest expectations. Flame-retardant, environmentally friendly and super-strong, without losing their exclusive feel, and naturally they are available in the latest colour-trends and textures. We believe the final results are the best and most comfortable fabrics on the market.

## COMPLEMENTING DESIGN

Stressless® offers a wide range of designs that complement each other perfectly. That way you don't need to worry about finding a matching chair or sofa – and you certainly don't need to compromise when you decorate your home. Just find the furniture that suits you and match it with a complementing design. As shown in the picture, the Stressless® Paradise and the Stressless® Dream are a perfect match.

### WHY SIZE MATTERS

Living rooms come in different shapes and sizes. That's exactly why we offer several sofa designs in two sizes. Take a closer look at the Stressless® Eldorado (M) on this page, and Stressless® Granada (L) on the next, and you'll see what we mean. They're basically the same sofa, but the difference in size allows more comfort-lovers to have one at home.

A STRESSLESS® FEATURE

## HEAVEN IS A TWIST AWAY

Stressless® recliners and sofas are designed and built to be more stable, to recline further and to adjust smoothly. It simply stretches to that extra degree of comfort you have come to expect. This means that it's more responsive to the way your body moves. You never have to force it to do anything – simply move, and it moves with you. Your key to it all is the Stressless® glide wheel. Adjust its grip to how you like it, and leave it that way. And, of course, each sofa seat has its own glide wheel.

## STRESSLESS® HOME CINEMA FURNITURE – HEIGHTENS EVERY MOVIE EXPERIENCE

The lights are dimmed and you are ready to settle back and watch your favourite film or an exciting sports event. The screen lights up and you recline to your preferred position. Regardless of the entertainment's length, your body doesn't stop moving. In fact, your body moves more than 300 times during a film or a football match. In other words – this is a perfect place for a Stressless®. Not only does a Stressless® home cinema setup look great, it provides the exceptional comfort and clever storage solutions that enhance your viewing pleasure and keep your living room free from clutter.

A STRESSLESS® ACCESSORY

## COMFORTABLE, NEAT AND STYLISH

A good movie grabs you and keeps you seated. To add to the Stressless® home cinema setup's stunning aesthetic, we have created the armrest table, the sector table and armrest, as well as the ottomans; clever solutions that allow you to store items tidily. Everyone can have a table within reach. Your remotes, popcorn, drinks or snacks can be placed on – or in, the neat storage places that also function as tables. Front, centre or aisle – we guarantee you a perfect view.

A STRESSLESS® ACCESSORY

## MULTIFUNCTIONAL OTTOMANS

Our ottomans are ingenious in many ways. They are, of course, excellent as footrests, but they can also be used as table or storage spaces. The Stressless® Double ottoman offers ample space to put your feet up, and the storage space hides a tabletop which can be fitted over the ottoman. The Stressless® Oval ottoman has a removable pillow, so it doubles up as a convenient table.

## SIMPLY GREAT

Whether relaxing, working, reading, or watching television – a Stressless® is simply great. The patented Plus™ system lets the neck support move in parallel to the lumbar support. Together with the height-adjustable headrest, you're good to go for hours in front of the big screen. Choose between the ordinary armrest, the practical features of the Stressless® Easy armrest table or the Stressless® Corner table. Perhaps you prefer the multi-functionality of the upholstered Sector table or Sector Arm that can replace the armrest in fixed arrangements. Watching a movie from a Stressless® home cinema setup is simply great.

**MOVIE TIME WITH  
UNRIVALLED COMFORT**

It's a bold statement, but with Stressless® Legend we are convinced that we are introducing the best home cinema seating to date. Featuring an extremely soft cushioning made of specially designed foam, the Stressless® Legend feels instantly sumptuous and luxurious as you relax, while embracing and supporting your body. The Stressless® Duo ottomans have a wooden table inserted into the side, which can be placed on top to be used as a small table. Life at the movies has never felt or looked this good. You won't believe it, until you've tried it!

◀ The Stressless® Sector (SC)/Sector Arm (SCA) is upholstered like the sofa and hides a storage space under its top. The Sector/Sector Arm also functions as an armrest, which is why setups with Sector/Sector Arm tables should be treated as a fixed unit.

▶ The Ekornes® Corner table (CT) combines the need for a table with the need for individual positioning of the chairs and sofas. The corner table is free-standing, allowing you to reorganise the furniture when needed.

## EKORNES® OFFERS FOUR CATEGORIES OF LEATHER, IN A SELECTION OF BEAUTIFUL COLOURS.

**BATICK** is a corrected, pigment improved and grain-embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilisation properties and a favourable price make Batick a good choice.

**CLASSIC** is a corrected, pigment improved and grain embossed upholstery leather. Classic is somewhat thicker and has a larger pebbled grain than Batick. Most of its natural marks are removed. Also, some of the Classic colours have a two-tone colour effect to liven up the surface. A protective layer of lacquer simplifies cleaning. Classic is a wise choice if you want leather with excellent utilisation properties and a robust structure.

**PALOMA** is a slightly corrected leather with a combination of dyes and pigments that smoothes down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may, however, vary a little at some parts of the furniture and also minor colour nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy duty quality and protection as Batick and Classic. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

**ROYALIN** is the most exclusive of Ekornes's leather types, but also the most vulnerable. Royalin is a type of leather with natural pebbled grain and structure, and may have minor colour nuances and some natural marks. This is characteristic for a natural material such as Royalin. A very light surface treatment provides a certain protection, but Royalin absorbs moisture easily, and is extra vulnerable to wear and tear, heat, sunlight, spills and perspiration. This requires greater care in use and more vulnerability to influence from direct contact with human skin (especially from neck/hair and hands). Royalin has the softness and rich warm glow that characterise first-class furniture leather. Variances including grain pattern and colour are an inherent feature within Royalin leather and are a natural mark of high quality.

### Ekornes® upholstery leather

Ekornes is one of Europe's largest consumers of leather. We purchase the leather from selected tanneries all over the world. Our own inspectors take part in the leather selection, which is conducted in accordance with international norms for quality determination. The experience we have gained from this work is for your benefit when you buy Stressless® or Ekornes® leather furniture. Our leather is manufactured according to current laws, guidelines and recommendations relating to their utilisation properties, and for the use and content of chemicals and other substances. We are cooperating with recognised international institutions in this line of business to ensure that we are updated at all times with events relating to health, safety and the environment.

### The leather for our furniture is a natural material that comes from cattle hides

When the hide has gone through a tanning process and further processing to achieve the correct utilisation properties, it is called leather. One characteristic of hide is that it is marked by nature, vegetation and the care the animal has been subjected to. Cattle spend most of their lives outdoors and will therefore be marked by external influences like insect bites, tears, scars, wrinkles, stretch marks, etc.

### The following are some of the properties of leather that you should be aware of:

Leather is a natural product and is a beautiful and lively material used in furniture-making. Each hide is unique in its structure, appearance, nuance and size. Ekornes may use several hides when making your furniture. This, together with the leather's play of colours and natural marks, makes each piece of furniture unique. In time, the leather will age and gain patina. It is important that you are aware of one thing: although leather furniture can withstand a lot of wear and tear, its appearance will change with the years.

### The following applies to all types of leather used by Ekornes:

Hide absorbs dyes differently, and therefore the leather may have colour nuances. These are due to dissimilarities and different fibre structures, which affect the colouring of the hide and how the hide absorbs the dyes during the tanning process.

All our leather qualities are deep dyed, but there could always be a deviation between the basic colour of the hide (the colour of the side that faces the upholstery side of the furniture), and the colour of the grain side (the external side): i.e. the colour of the outer layer. This is normal. It is possible to use the same basic colour for leathers with different top colours.

Dyes and dyeing methods may vary between the different leather colours and leather qualities. Therefore, the basic colour and the colour of the top layer (which forms the wear layer and the final desired colour of the finished product) of a given leather quality may differ.

Some of the leather dyes have a two-tone colour effect (shadow/antique effect). Leather dyed with a two-tone effect may change character faster and wear more unevenly than leather with just one colour. This applies in particular to areas of the furniture that are exposed to harder wear such as armrests, seat cushions and neck supports.

The top layer protects the leather and simplifies cleaning, but is nonetheless vulnerable to soiling and wear. If the top layer/top colour is destroyed, the leather may deteriorate faster. Penetrating spills/damage/scratches are normally irreparable and may result in the top colour changing character, cracking or peeling off.

Denim clothes and hard textiles, such as dungaree jeans, expose the leather to strong wear and may leave colour on the leather which is difficult to remove, without risking destruction of the top colour of the leather. Light leather colours in particular are vulnerable to such colour contamination.

All furniture leather sold by Ekornes is resistant to light, but changes in colour may occur as a result of use and extensive exposure to light. Consequently, furniture should not be exposed to direct sunlight or direct heat from heaters and other sources of heat. Leather is vulnerable to exposure to oils from direct contact with human skin (especially of the neck and hands).

*Remember: leather has a relatively long life-time, but can easily be destroyed by incorrect handling.*

### Stressless® Leather and Fabric Care kits

To match the high quality of our furniture, Ekornes now offers its own leather and fabric (including microfiber) care series.

The Stressless® Leather Care kit (medium, large) and the Stressless® Leather Care Wipes contain a leather cleaner, a protection cream and wipes. For nurturing, and making the leather more resistant to stains, the protection cream should be applied to all leather surfaces when your recliner is new. For later treatment, in addition to regularly removing

stains, we recommend that the leather is cleaned with the Stressless® Leather Cleaner at least every 6 months. Always apply protection cream after cleaning. Please see [www.ekornes.com](http://www.ekornes.com) for further information about maintaining your leather furniture.

The Stressless® Fabric Care kit contains a fabric cleaner, a stain remover and 'Ox cleaner'. This kit gives you everything you need to clean a piece of furniture in just minutes, without removing the fabric cover. For resistant stains, use the Fabric Cleaner together with the Stain Remover and 'Ox Cleaner'.

These are the only cleaners Ekornes will approve. Ekornes will decline all responsibility in cases where other products than those approved by Ekornes have been used to maintain your leather and fabric furniture.

### Stressless® Fabric

Our specially selected fabric collection meets the most severe requirements in the furniture trade. Stressless® fabrics are produced according to strict conditions with respect to nature; they are also prepared for heavy-duty use, light tolerance and flammability. Choose from the Cocoon, Oasis, Ocean and Siena ranges in a wide selection of colours that match your interior.

### About fabric

Please note that colour changes will occur with time, as a result of use and the effect of light. You should always protect your furniture from direct sunlight. To prolong the life and appearance of your recliner or sofa, the fabric upholstery should be regularly vacuumed, professionally dry-cleaned or cleaned with our approved Stressless® Fabric Care kit.

### The wood colour

Our wood finishes are made from laminated European beech, a light-coloured wood with an attractive grain, eminently suitable for staining in various colours. The hardness of the wood makes beech furniture extremely durable.

## FUNCTIONAL TABLES DESIGNED FOR COMFORT AND STYLE

All of our tables are developed with functional design and purpose in mind. Some of them are designed to fulfil the unique Stressless® comfort experience, and some of them to complement a specific Stressless® sofa model. The sofa tables with wooden legs are made of high-quality toughened glass and beech, and are available in seven different wood stains to match your furnishing and interior style.

### EKORNES® PEGASUS TABLE

Made from beech. Natural or stained in the following colours: Mahogany, Teak, Cherry, Brown, Wenge and Black.

### STRESSLESS® DUO OTTOMAN

Can be used as a footstool, or as a small table. Simply take the wooden table inserted into the side, place it on the top, and you have a convenient small and movable table. If not in use, you can easily place it under the Stressless® Duo table.

W:61 D:34 H:44

### STRESSLESS® COFFEE TABLE

A flexible and cleverly designed table in stainless steel and glass, that fits perfectly above the seat of your sofa. Your snack, or beverage, is never more than an arm's length away. Stressless® Coffee table can also be used as a side table, and if you put two of them together they form an ingenious sofa table.

W: 60 H: 50 D: 50

### STRESSLESS® ELLIPSE TABLE

This flexible easy-to-move table is ideal, because when you're in your 'comfort zone' you can easily reach everything you need.
