The Comfort Collection

2025

Stressless

New trends & Newcomers

“ It is not about minimalism or lack of details but rather about an innate desire for quality, in both design and materials, that being grounded in nature provides.

Janne Muri

Project Manager Colours, Materials & Finishes Stressless®

2025 marks the transition from a crisis period towards an emotive era that celebrates imagination and creativity. A time where the idyllic, sensitive, and beautiful will be actively sought out, crafting meaning through imagination and dreams. Design will be grounded in natural simplicity and timeless elegance. Quality of materials is always our top priority, with a strong commitment to sustainability. The focus on timeless designs encourages the use of classic materials and traditional techniques.

Nature plays a pivotal role, stripping away the unnecessary with a clarity and directness that allows the beauty of the natural world to be celebrated. This shows what is new and innovative in 2025 design, while still respecting timeless and lasting styles.

Earthy Colours

Taking reference from earth, stone, metal, leather, wood and soil, this spectrum of shades embraces nature's finest hues with a familiarity that also feels original. A colour palette that exudes warmth and authenticity, these natural, grounding tones, speak to slowing down, focusing on the quality of natural materials, and returning to nostalgic sentiments.

Serene Shades

Confirming the shift towards more regenerative and self-reliant lifestyles are calming colours that draw on nature's hues with an element of playfulness. Often associated with health and rejuvenation, green continues to have a strong presence. Shades such as Paloma Sage Green, as well as both Bloom Green and Lotus Green perfectly embrace this trend for tranquillity.

Light Neutrals

Nothing says luxury more than neutrals, which provide both a timeless and versatile backdrop. These subtle shades are restful, warm and relaxing as well as being simple to combine to complement existing fabrics and furnishings. The trend for layering textures within these tones to provide visual interest continues to be popular.

The Comfort formula 6-13

After taking a seat in Stressless® furniture, you may find yourself pondering: What makes it so much more comfortable? The main reason is the level of attention it pays to how your body works, from top to toe, through patented comfort technologies.

Materials 104-107

Stressless® materials are carefully selected for their durability, comfort and sustainability, including environmentally friendly textiles and top-quality leather that provide both comfort and longevity.

The comfort formula

Just like a human being, a Stressless® recliner is a fine tuned instrument. It loves movement. It strives for the optimal balance between softness and support.

That's why recharging in a Stressless® recliner is different – it speaks the same language as your body. After taking a seat in a Stressless® recliner, you may find yourself pondering: What makes it so much more comfortable? The main reason is the level of attention it pays to how your body works, from head to toe through patented comfort technologies and unique features. .

Some of the secret also lies in the sheer quality of materials and craftsmanship applied in the making of a Stressless® recliner, which makes it a sustainable choice that will potentially last for generations. Add to that the joy that stems from freedom of choice, when you get to pick the design, size, colour and texture of your ideal recliner, and you may have found your answer.

Stressless® Reno (M) Classic with footstool
Paloma Espresso/Wenge

Plus™ and Glide™

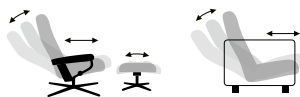

Relax and feel your heart rate slowing down. Imagine the ability to relax without the worry of today's stresses hanging over you.

The Plus™-system permits automatic adjustment of the support to your neck and lumbar region, allowing you to read or watch TV even when fully reclined. The Plus™-system features on all Stressless® recliners and high-back sofa models with the sofas including individual seat control. You can also easily activate the headrest sleep function allowing you to have a ten-minute power nap or an hour long snooze – the choice is yours.

The Glide™-system is integrated in the Stressless® wheel. Simply turn the wheel to select the most suitable resistance for you and you shall experience a tailored level of comfort every time you sit down.

BalanceAdapt™

Our bodies are designed for movement and variation, not for sitting still. BalanceAdapt™ gives you a unique sensation of perfect balance. The seat angle automatically adjusts to the slightest body movement as the back and seat move together in harmony. The gentle rocking motion increases your comfort in all positions. In our recliners, this system allows you to lie back even further.

All our Stressless® recliners with Cross, Signature and Star bases come with BalanceAdapt™-system. The recliner also includes the Plus™- and Glide™-system providing optimum support for the neck and lumbar region allowing you to really unwind.

And why not bring the ultimate support and comfort to even more seats in the house? The BalanceAdapt™-system is also available in the Stressless® sofa model Stressless® Stella.

Balance&Glide™

When it comes to dining, comfort is key. That's why Stressless® has created the Balance&Glide™ system for our dining chairs. This innovative technology allows the seat and backrest to adjust to your body's movements, without the hassle of operating buttons or levers. So whether you're enjoying a family dinner or hosting a party, Stressless® dining chairs will keep you comfortable and relaxed from the first course to the last.

Stressless® Recliners

If you have ever owned a truly comfortable recliner, you know that it quickly becomes the most popular piece of furniture in the home. This is where you retreat after a long day at work, or spend that deservedly lazy morning. It is where you read, watch tv, chat and even put in some home office hours. With that in mind, it is good to know that a Stressless® recliner adapts to your body and moves with you, taking care of your body's need for natural motion.

Stressless® Paul (M) Cross with footstool
Paloma Dark Henna/Oak/Polished metal

Take comfort to taller heights

With tall backrests, extra cushioning and premium details, Stressless® Paul and Philip are sure to be cherished pieces in your home..

Stressless® Paul is visually appealing, with curved lines and extra foam added on the sides of the backrest. The wing-shaped backrest with extra padding plus covered armrests provide the comfortable feeling of being hugged whilst sitting, alongside a smile-shaped seat that allows you to really sink into the chair. The headrest can be lengthened by up to 7 cm, making Stressless® Paul our tallest recliner in this series to date.

Crafted with light and airy qualities, Stressless® Philip combines characteristic new stitching to enhance its soft shape with an open armrest, allowing its organic shape to be appreciated from all angles. With a tall backrest, extra cushioning and defined piping, this recliner embodies all the premium details you have come to expect from a Stressless® design.

Stressless® Mayfair (M) Signature with footstool
Paloma Shadow Green/Wenge/Matt Black

A smarter footstool

A Stressless® free-standing footstool is the perfect partner for our chairs and sofas. Why? Well, this isn't your traditional, static ottoman. All Stressless® furniture is based on research into human anatomy, and we found that when you lean back in a recliner, your legs move forwards and down, for a more relaxed angle of the ankle. Most traditional, flat footstools do not support this sitting position.

We have given Stressless® footstools a built-in sliding function that automatically follows the movement of your legs, giving you the freedom to move whilst staying completely supported and making the world's most comfortable recliner even better. What's more, in a locked position our footstools can be used as an extra seat.

Plus™-system. Whether you are sitting or lying down, our unique Plus™-system provides optimal comfort and support for the lower back and head, in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.

BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

Stressless® recliners with the Classic base.

A companion for work and relaxation

Whether you're working hard or hardly working, we have the perfect partner for your Stressless® seating. The Stressless® Swing table, Ellipse tables and Urban tables are a great addition to your living space. These tables not only provide a sturdy surface for your laptop or drink, but they also look great and complement any decor. Plus, all of our tables are made with the same high-quality craftsmanship and attention to detail as our seating, ensuring that they're just as durable and long-lasting.

URBAN SERIES

2 different back options: High back and Adjustable headrest

We've got your back

Inspired by metropolitan living, The Stressless® Berlin, Tokyo and London – offer a nod to mid century design and urban architecture.

They also unite in offering two different back options – high back, and an adjustable headrest.

The high back models offer all the well-known Stressless® comfort features for personal relaxation. Height adjustable designs allow you to increase the length of the back by up to 10 cm, offering true personal comfort contained within iconic good looks.

Plus™-system. Whether you are sitting or lying down, our unique Plus™-system provides optimal comfort and support for the lower back and head, in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.

It's time to take our Comfort Test™

The ultimate sensation of comfort is individual and personal to everyone. Because we all have different needs, we encourage you to take our Stressless® Comfort Test™ to find the size and model that fits you best. We guarantee this will be time well spent. After all, a Stressless® recliner is an investment you will enjoy for many years to come.

- Does the recliner feel stable and safe?
- Are the height and width of the chair right for you?
- Do you find it easy to adjust the chair to your preferences?
- Does the chair provide good lumbar support in all positions?
- Is your head supported comfortably as you recline to read or watch TV?
- Can you adjust the headrest so that it lays flat when you recline?
- Do you have the feeling that the seat back reclines sufficiently?
- Do you have a comfortable and relaxing angle on the leg support?
- Can you position the leg rest according to your preferences?
- Are you aware of how your entire body relaxes?

Stressless® Berlin Adjustable headrest Cross with footstool
Paloma Beige/Polished metal

Power under the hood

What could possibly make the ultimate recliner even more pleasing? Motorised adjustment might be a start. And why not throw in a heated massage? Or the possibility to fully recharge in the optimum seating position, with your legs elevated above your heart? Some Stressless recliners have just a little more power under the hood.

new

Stressless® Adam
Paloma Sage Green/Natural oak

The ultimate well-being experience

Take a break from gravity with Stressless® Adam, our latest power recliner with a tilt function that allows you to elevate your legs above your heart, for the ultimate wellbeing experience. This optimum seating position allows the body to feel almost weightless and offers multiple benefits for your body to recharge. It is combined with supportive, soft cushioning with ComfortZones™, numerous comfort features plus the possibility of personal adjustment..

Take a seat in Stressless® Adam to disconnect from your surroundings, rest, recover and fully recharge.

Ultimate relaxation: Experience total relaxation and the sensation of being almost weightless. The tilt function allows your legs to be elevated above your heart, providing the ultimate wellbeing experience.

Cherish the moment

An all-out luxury recliner, Stressless® Sam represents a unique meeting point between iconic mid-century modern style, advanced technology and pure comfort. With a generous open design, round soft shape and pared back cushions, Stressless® Sam has an elegant and contemporary outline paired with detailed French stitching at the seams. A curved back and seat provide a comfortable and hugging feeling whilst sitting, and the accentuated shape of the adjustable headrest cushion offers perfect support for the head and neck. The motors will quietly adjust it to your liking. Stressless® Sam is even available with heating and a massage function.

Stressless® Sam Wood adds wooden panels on the armrests for a totally natural Scandinavian look and feel. Four different wood tints are available. Personalize Stressless® Sam and Stressless® Sam Wood with your choice of swivel base and high quality leather or fabric, both available in a wide range of traditional and modern colours.

Stressless® Consul (M) Classic Power
Batick Cream/Oak

The powernap reinvented

Ever since our first Stressless® recliner hit the market in 1971, the Stressless® brand has been associated with comfort, quality and innovation. Today, we take this commitment one step further and are delighted to offer some of our most iconic recliners with our motorised systems.

Stressless® Power™ recliners offer enhanced motorized functionality, with built-in motors operating the headrest, lumbar support, back and footrest. They represent a great alternative to a recliner with a separate footstool.

The integrated footrest has a slim design, and is elegantly concealed beneath the seat. You extend it at the push of a button under the armrest. The footrest is designed to follow the natural angle of your feet and can be adapted to different leg lengths, extending longer than most other footrests on the market.

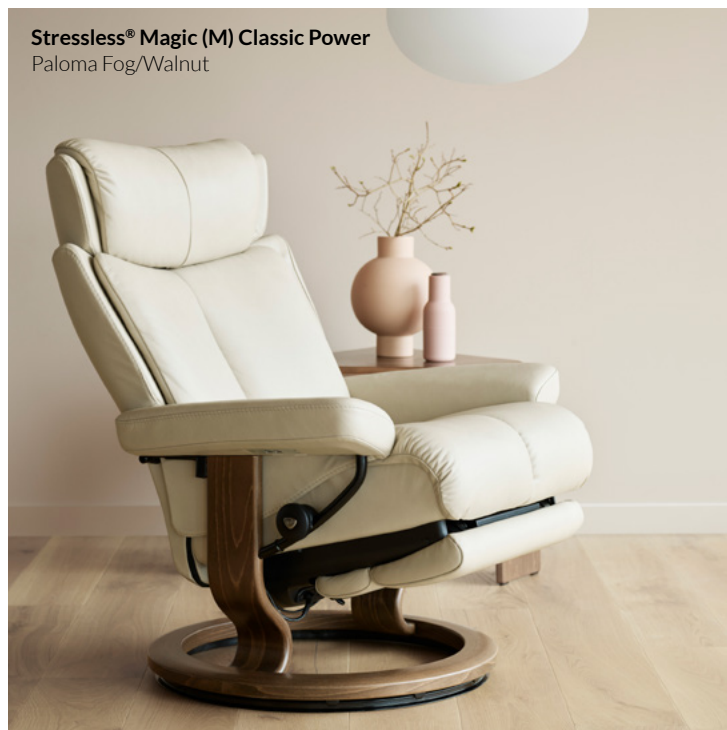

A battery operated version is also available, with a magnetic charger attachment for easy access. See the last pages of the catalogue for a full product overview.

Stressless®

Sofa

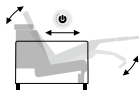

Your interior design has an impact on your sense of well-being, and on the mood of those around you. Whether it be playful, elegant or bold, there is a Stressless® sofa design that fits right into the atmosphere you want to create. In addition, every Stressless® sofa can be customized to your choice of materials, colours and details.

But looks are just the start of your voyage towards the ultimate home comfort. Below the surface, a Stressless® sofa has functionality based on decades of research into the best possible sitting experience. To give you a clue: It involves much more than a comfortable seat. It adapts and moves with you. It's a sofa that feels just as good as it looks.

Stressless® Anna	56-59, 96
Stressless® Buckingham	82, 112
Stressless® Emily	4, 60-63, 96
Stressless® Fiona	74-75, 99

Stressless® Stella	10, 66-69, 97
Stressless® Wave	70-71, 98
Stressless® Windsor	73, 98

Take a break from gravity

Relax your body completely and distribute weight evenly in the Stressless® Anna sofa. You can choose between power and manual seats side by side, giving you complete control. If you choose the motorised function, the footrest will extend under your feet as the back reclines, while the headrest adjusts to give you the perfect position for total relaxation. With the manual seat, you can adjust the headrest manually. In a collapsed position, the sofa appears visually smaller. When raised, it offers excellent head support and transforms a low-back sofa into a high-back, perfect for ultimate comfort.

With a light pressure on the right hand side of the seat cushion, **Power** adjusts the footrest and the headrest. This combination provides superb support and comfort.

Stressless® Anna A3

Stressless® Anna A1
Paloma Dark Mushroom/Alu leg organic

Built to your preference

The headrest, whether it be manual or motorised, adds to the overall relaxation experience of the Stressless® Anna, which rivals that of a true Stressless® recliner. You can also choose from three different armrests to cater to different tastes and needs – a wooden armrest for lovers of Nordic design, and classic leather armrests that will fit into any interior. Additionally, the sofa is available with several leg options, allowing you to customize it to your preference. The best part? The Stressless® Anna looks like a regular sofa when the footrest isn't extended.

Stressless® Anna Arm A1

Stressless® Anna Arm A2

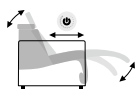

Stressless® Anna Arm A3

Lie back and relax

Sleek lines and a streamlined silhouette give Stressless® Emily a clean, modern look that signals confidence and style. The contemporary design blends well with any modern interior. The soft cushions ooze with luxury and invite you into the comfort zone of your home. It is one of our Stressless® Power™ sofas, which means you can easily adjust the seating position with the control panel for perfect relaxation. We offer a range of different designs and modules which makes it easy to configure the perfect sofa for you.

Experience superb support and comfort through adjustment of the headrest angle on all seats and the footrest and back angle on Power seats. The control panel is discretely placed on the side of the seat cushion, next to the armrest or on the left side (facing) on modules without armrest.

Stressless® Emily Wide Arm with LongSeat (L)
Paloma Almond

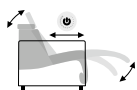

Stressless® Emily Steel C31 with End module
Paloma Dark Henna

The perfect gathering place

Stressless® Emily is a no holds barred luxury sofa, with all the comfort and functions you have come to expect from the Stressless® brand. It has an adjustable headrest on all seat modules. You can lower it for a sleek low-back sofa with perfect back support for sitting, or adjust the angle and height of the headrest for extra support to your head and neck. Put your feet up on the LongSeat module with leg support and adjustable headrest or choose a Power™ seat to get an adjustable footrest. It is customizable to your every whim.

Stressless® Emily also offers a large choice of high-quality leather and fabrics, and the choice between three versions of the armrests: Emily Steel and Emily Wood have slim armrests with elegant details in steel or wood, while Emily Wide has distinct upholstered armrests with luxuriously large proportions. Stressless® Emily is a modular sofa system. Seat modules, with or without Power, corner, two sizes of LongSeats, center modules or end modules can be combined to create the sofa of your dreams.

Experience superb support and comfort through adjustment of the headrest angle on all seats and the footrest and back angle on Power seats. The control panel is discretely placed on the side of the seat cushion, next to the armrest or on the left side (facing) on modules without armrest.

Indulge in comfort

Stressless® Mary is a truly sumptuous sofa with gentle curves and a generous look that will never go out of style. Its cushioning is extra supple and soft for added indulgence. Individual seat modules can be fitted with motors for effortless adjusting of the back and leg support. The functions are operated from an integrated panel, discreetly concealed on the side of your seat.

Seat modules with or without power can be combined, and you can also add a spacious corner module to your setup. Choose between a classic upholstered armrest or an armrest with wooden details for an elegant touch. Stressless® Mary matches exquisitely with Stressless® Mayfair, one of our best-selling recliner models through the decades. With the same range of leathers, fabrics, and colours available across our entire range of furniture, completing your look has never been easier.

Paloma Chestnut
with upholstered arm.

With a light pressure on the side of the seat cushion, **Power** adjusts both the footrest and the back angle and you can also adjust the headrest angle. This combination provides superb support and comfort.

Find your balance

The sofa is where you meet to exchange stories, or to nap in your safe and snug nest. It can be the centrepiece of the party, or the calm spot to relax with your favorite book. Finding the right one is an investment in memories and experiences, and not a task to be taken lightly.

The perfect gathering place adapts to everyone: The Stressless® BalanceAdapt™ system allows the sofa to respond to your movements, adjusting the seat as you shift. Recline, lean forward, lie down or put your feet up. When the occasion calls for just a regular sofa, simply lock the function to stop the seat from moving.

BalanceAdapt™. Subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

Lasting comfort

Timeless elegance meets modern functions: The Stressless® Windsor and Stressless® Buckingham are sofas that never go out of style, with their combination of soft cushions and beautiful wood.

Featuring the same design you can choose from Stressless Windsor which is based on a medium sized seat or Stressless®s Buckingham which features a wider seat. They also have the Plus™-system, which means that the sofa follows your movements and provides good support in all sitting positions. Pure comfort. Pure classic comfort.

Stressless® Buckingham
Paloma New Cognac/Grey

Plus™-system. Whether you are sitting or lying down, our unique Plus™-system provides optimal comfort and support for the lower back and head, in all positions. The lumbar support automatically adjusts as you recline. You can also choose between an active or rest position for the neck.

new

A match made in heaven

Stressless® Fiona has a fresh and clean design, with neat proportions. Its beautiful simple lines will cater to many tastes, and the sloping back gives it a slight progressive look.

The Stressless® Fiona sofa module selection now includes a 1-seat unit and side panels, offering even more options for customized configurations. Use the 1-seat unit with side panels to create a comfortable accent chair, or design a neat corner arrangement by combining the 1-seat, corner unit, and 2-seat module.

The large selection of upholstery choices, wood finishes or steel details allows you to put together a lounge that matches your interior design. The choice is yours!

Wooden arm option.

Metal arm option.

Upholstered arm option.

When you sit down in a fixed back sofa with **ComfortZones™** the back part of the cushion will give in more than the front part of the cushion. As a result of this, the seat cushion will angle slightly, giving you a comfortable position of your legs while seated.

Stressless®

Dining

Have you ever found yourself wishing you could spend more time together as a family? The dining area is often the only meeting point in a busy schedule. It is also the place to enjoy the company of friends, old and new. A place to dine, converse and share memories.

One way to make sure the guests flock to the table is through providing the best seating possible. Stressless® dining chairs are expertly designed to work with your body, not against it. The flexible seat and back follow and respond to the movements of your body in a unique way, offering a variety of positions for total comfort. With Stressless® dining chairs you can while away the hours in complete comfort.

Stressless® Bay	83, 86, 103

Stressless® Mint	85, 87, 103
Stressless® Vanilla	84, 103

Lean back

... and meet your loved ones

We gave our designers a challenge: Can you bring the unique Stressless® comfort to the table, with chairs that respond to the body's movements? Their answer is the Stressless® dining. They automatically adjust the seat and back position without levers or handles. Lean forward, and the chair moves to reduce the pressure under your legs while supporting your back. Lean back, and enjoy the reclining backrest while the seat slides forward, providing a more open and comfortable sitting position.

Balance&Glide™. Our dining chairs have a flexible seat and back, offering a variety of positions for increased comfort. This comfort enables you to maximize your quality time with friends and family.

Dining with a twist

One of the main keys to a truly comfortable sitting experience is in fact movement. With the D350 base, our dining chairs get a new range of motion. The swivel function has several advantages in addition to its smart, good looks. It makes it easier to get in and out of the chair, and reduces the need to pull the chair away from the table before sitting down or getting up. This feature also helps keep the conversation going, as you can turn the chair to face the person you are talking to. Innovative dining at its best!

A 360 degree swivel is standard on the D350 base, with autoreturn as an option.

Balance&Glide™. Our dining chairs have a flexible seat and back, offering a variety of positions for increased comfort. This comfort enables you to maximize your quality time with friends and family.

Build a beautiful and stylish home

All Stressless® furniture can be customized with our wide range of materials and finishes. This means that you can get really creative, or stay traditional: Combine different types of furniture and maintain a uniform interior for your home. Choose recliners, sofas, dining chairs and home office chairs in the same covers – or create interesting contrasts with different textures in matching colours.

10 YEAR GUARANTEE

10-year internal mechanism & construction guarantee

We guarantee the internal mechanism and construction of our recliners and sofas for a period of 10 years from the date of initial delivery to the consumer. The 10-year guarantee covers the mechanical functions in the recliner/sofa. The 10-year guarantee covers the internal framework of steel and/or wood, including the metal springs. The 10-year guarantee does not cover damage to leather, fabric, woodwork or any faults or damage caused by the use of the product other than in accordance with the manufacturer's recommendations, as well as any faults or damage arising from any repairs made by any persons not authorized by the manufacturer or use of non-original parts. Some natural settlement and indentation in the padding and foam is considered normal and is part of a break-in process.

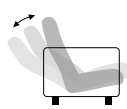

5 YEAR GUARANTEE

We guarantee all electrical parts and motor on the Power™ system for a period of 5 years from the date of initial delivery to the consumer. The battery is not included in the 5-year guarantee.

2 YEAR GUARANTEE on Power Batteries.

The Innovators of Comfort™

With the best quality materials, environmentally friendly processes and an uncompromising focus on comfort, our machines and people work together to create furniture that will live with you through a lifetime. When you sit down and appreciate how genuine Stressless® furniture feels, you will know.

Whether you sit up or lie down, the **Plus™-system** provides optimal comfort and support for your head and lumbar region. The sleep function is controlled with a simple hand movement to make your comfortable moments even better.

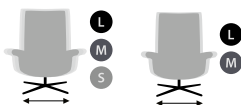

With **BalanceAdapt™**, subtle rocking motions enhance the feeling of total balance. These movements usually make all the difference between a good seat and a fantastic one.

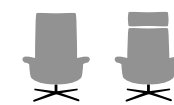

With a light pressure under the armrest, **Power™** adjusts both the footrest and the back angle. This combination provides superb support and comfort.

Power is easily operated by the remote control, the motorized functions offer truly outstanding comfort in all positions, small adjustments can make a big difference. Take comfort to the next level with optional extras including built-in heating and massage functions.

Optimal comfort is also about correct size. Most of our Classic recliners therefore come in small, medium and large, for you to find your perfect fit.

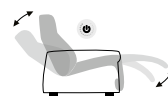

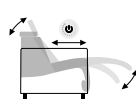

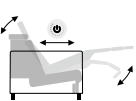

Optimal comfort is also about unique design options. Our Urban models come in 2 different back options, - Adjustable and High back.

When you sit down in a fixed back sofa with **ComfortZones™** the back part of the cushion will give in more than the front part of the cushion. As a result of this, the seat cushion will angle slightly, giving you a comfortable position of your legs while seated.

Balance&Glide. Our dining chairs have a flexible seat and back, offering a variety of positions for increased comfort. This comfort enables you to maximize your quality time with friends and family.

Power. With a light pressure on the right side of the seat cushion, Power adjusts both the headrest, footrest and the back angle. This combination provides superb support and comfort.

Create the recliner of your dreams

Never before have so many options been available to help you find the Stressless® recliner that's just right for you. We wanted to make sure that everyone could experience total relaxation, regardless of height or body shape. There are various bases, wood types and luxurious leather and fabric to choose from so that you can create the chair of your dreams.

Select design and size

Make your selection from our range of designs and sizes to find the perfect fit for you.

Select upholstery in leather or fabric

Stressless® furniture can be delivered in an abundance of covers: Four leather qualities and 6 fabric qualities in numerous colours. See the whole range of leather and fabric at stressless.com

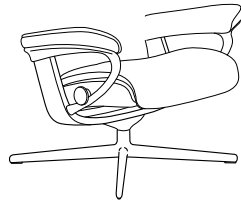

Select base in wood or metal

There are five different bases to choose from, all with one thing in common; unique comfort.

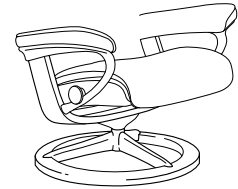

Cross base with BalanceAdapt™

An elegant combination of wood and aluminum that offers a soft and comfortable rocking motion. Available in sizes S, M and L.

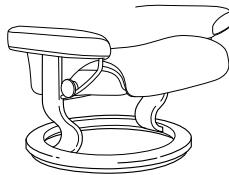

Signature base with BalanceAdapt™

An elegant combination of wood and aluminum that offers a soft and comfortable rocking motion. Available in sizes S, M and L.

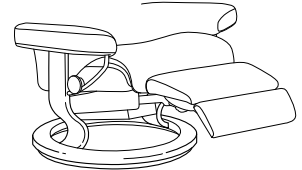

Classic base

A timeless design in classic wood with unique stability. Available in sizes S, M and L.

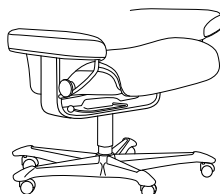

Classic Power™ base

The elegant footrest is hidden beneath the seat. Available in sizes M and L.

Home Office base

This castor base offers full freedom of movement and height adjustment for personal adaption of your seat height. Available in size M.

It's time to create

Your perfect Stressless® home is only complete when you have added your personal taste and your individual needs. After all, it is your home.

That's why our dining chairs, home office chairs, sofas and recliners come in a large range of leather, fabrics – and choices of armrests and bases. Visit your local retailer or explore our endless opportunities at [Stressless.com](https://www.stressless.com).

TABLES AND OTTOMANS

Stressless® Urban Star (L)

Ø: 90, H:48

The stylish glass table is designed to match Star base models. Select from polished metal or matt black finishes.

Stressless® Urban Star (S)

Ø: 55, H:48

Stressless® Ellipse table

W: 49, H:48-71, D:38

This flexible, easy-to-move table is ideal, since it keeps everything you need within easy reach while you are in your "comfort zone" (adjustable).

Stressless® Swing table

Ø: 28

This table remains independent of your movements and can be simply swung aside when not in use. Can only be fitted to Classic/Classic Power base recliners.

Stressless® Urban Cross (L) Stressless® Urban Cross (S)

Ø: 90, H:48

Ø: 55, H:48

The stylish glass table is designed to match Cross base models. Select from polished metal or matt black finishes.

Stressless® Stella ottoman

W: 75 (M) 90 (L), H:44, D: 57

A sleek footstool perfectly designed to match our Stella sofa. Complement with an optional table. Available in 2 sizes.

Stressless® Double ottoman with ottoman table

W: 119-154, H:44, D:61

This large ottoman offers ample space to put your feet up, while the storage space conceals a tabletop that can be placed on the ottoman when needed.

Stressless® Modern ottoman (M)(L)

W: 51(M)/60(L), H:44, D:40(M)/60(L)

The ottoman is ingenious in at least two ways. Firstly, it features a built-in tilt system, which ensures that the angle of the ottoman is adjusted to your sitting position. And secondly, it has room for all your extras under its removable top. Available in two sizes.

Two additional Bordeaux leaves can be purchased separately. Each leaf adds an additional 50 cm in length and can be stored inside the table when not in use.
Available on both bordeaux rectangular Medium and Large

Stressless® base colours

Ekornes uses rotary cut beech veneer in all its moulded furniture components. Lightly steamed beech is used for solid wood components. The hardness of the wood makes beech furniture extremely durable, and the timber we use is a renewable resource. Beech is a natural material and variations in its pattern, colour and texture make each piece of furniture unique. Although beech is used for both solid and moulded components, structural differences may be visible.

Stressless® Leather and Fabric Care kits

Ekornes offer their own leather and fabric (including microfibre) care kits to match the high quality of our furniture.

These are the only cleaning products recommended by Stressless®. Stressless® accepts no responsibility if cleaning products other than those recommended by Ekornes are used and cause damage to the leather.

For more information on our Care kits, visit stressless.com

All great choices, naturally

Being one of the world's largest premium furniture manufacturers comes with responsibility. All our leather is manufactured in keeping with current laws and guidelines for animal welfare, health, safety and the environment. Here, we work alongside recognised international institutions to ensure that we are always up-to-date.

Our inspectors also take part in the leather selection process from our chosen tanneries. We maintain the highest of standards, so that you always make a great choice – regardless of texture, softness, colour and how you want the leather to look and feel. Today and tomorrow. For this, we offer many types of leather – from the most exclusive and delicate to the more robust quality.

BATICK is a corrected, pigment improved and grain embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone colour effect to liven up the surface. Batick is resistant to fading, although changes in colour will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilisation properties and a favourable price make Batick a good choice.

PALOMA is a slightly corrected leather with a combination of dyes and pigments that smooths down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may however vary a little at some parts of the furniture and also minor colour nuances may appear in the leather. Natural marks, scars and insect bites are natural and will appear in Paloma. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy duty quality and protection as Batick. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

VELARO is a thick, full-bodied leather with an elegant grain and natural look. It is dyed through, with a natural surface that is only slightly corrected and lightly coated. A double-tone and slight tip shine effect, add both depth and brightness to the shades. The very light embossing on Velaro mitigates the grain variation along the leather's surface, but some variations in grain pattern, natural marks and colour nuances should be expected. Although robust, this leather remains very soft and sumptuous to the touch. A thin topcoat protection provides Velaro with some resistance to staining and simplifies cleaning, but Velaro does not have the same heavy-duty quality and durability as our more heavily pigmented leather qualities.

NOBLESSE is the most exclusive leather quality offered by Ekornes. It is a full grain semi-aniline, which means that it is dyed all the way through and has only a thin protective topcoat. This allows the leather to keep the natural softness and lustre that characterises a first-class furniture leather. A natural material like Noblesse retains its original grain and structure. Minor colour nuances and skin blemishes may also occur. Such individual details could lead to slight variations in different parts of the furniture cover. Although the topcoat provides a measure of protection, Noblesse is the most delicate of the leather qualities that Ekornes uses. It absorbs moisture easily, and is more vulnerable to wear and tear, heat, sunlight, spills and perspiration. Regular maintenance is important to keep its attractive appearance.

Inspired by nature

At Stressless® we are proud caretakers of the beautiful scenery that surrounds the factory in Norway. We wholeheartedly believe the best choice you can make is to furnish your home with high quality furniture that will last a lifetime. In addition to this, we are delighted to offer products that are made with extra focus on the environment and sustainability – both in our choice of materials and in our production.

The Stressless® fabric collection is inspired by nature – offering you the possibility of creating a calm breathing space in the comfort of your own home. We have a large selection of qualities and colours to choose from.

ABELIA. Luxurious, strong, and durable wool with depth and structure. Abelia is a luxurious wool blend, woven with different yarn types to offer a finish with depth and structure. The 96% wool content provides many benefits, including being renewable and biodegradable as well as naturally warm, hypoallergenic and odour and stain resistant. Ensuring long-lasting, enduring style. 96 % Wool, 4 % Polyamide.

CALIDO. Sustainable, soft Norwegian wool with an exclusive look. Calido is a wool fabric with an exclusive look and feels comfortable and soft next to your skin. The fabric is available in a diverse and exclusive colour palette. Wool is a natural fibre that breathes, making it feel warm when it is cold and cool when it is hot. 80% wool, 20% polyamide.

CLOVER. Sustainable, soft Norwegian wool with a classic look. Wool is a natural fibre that breathes, making it feel warm when it is cold and cool when it is hot. The fabric feels soft and cosy, perfect for creating a classic, warm and inviting interior. 70% wool, 30% viscose.

HOLLY. Strong, and durable fabric, made with a high share of natural, recycled materials. Inspired by nature, Holly comprises a heavyweight, woven herringbone in neutral tones that gives an on-trend appearance of depth in timeless, tonal hues. The fabric feels soft and cosy and is perfect for creating a classic, warm and inviting interior. 45 % GRS Certified Recycled Wool, 30 % GRS Certified Recycled Cotton, 10 % Polyamid, 10 % Polyester, 5 % Acrylic.

PEONY. Peony is a classic wool fabric available in soft neutral colours. The small herringbone pattern provides a classic yet modern look, creating a warm atmosphere with a sense of quality and timeless design. Wool is a natural fibre that breathes, making it feel warm when it is cold and cool when it is hot. The wool yarn also makes the fabric durable. 70 % Wool, 30 % Viscose

YOREDALE. Yoredale is a British wool fabric with a modern range of colours. The fabric has a highly textured bouclé style yarn and a soft playful touch. It is available in a varied and exclusive colour palette. 95%, 3% Polyester, 2% Polyamide

We are uncompromising when it comes to fabric quality, and we cooperate with suppliers that manufacture in accordance with strict quality and environmental requirements. If correctly maintained, the fabrics we have selected will help give the furniture a long life. All our upholstery fabrics meet and exceeds the requirements of mobelfakta.no for Hard Wear. To meet Hard Wear requirements, the fabric must pass international tests for durability, light fastness, pilling resistance, fire safety and colour fastness.

Choose from our wide selection of colours to match your interior. Please note that colour changes will occur over time as a result of use and the effects of exposure to light. You should always protect your furniture from direct sunlight. To prolong the life and appearance of your recliner, sofa or dining chair, the fabric upholstery should be regularly vacuumed and all stains and spills should be removed as soon as possible.

Committed to sustainability

Being surrounded by majestic nature in Norway means as caretakers we have always taken positive approaches to sustainability. This approach includes our marketing and the printing of this brochure.

Carbon Balanced Print, the use of **vegetable based inks** and **FSC Paper** used for this brochure are just some of the small steps we are taking as a company.
